Santa Village Social Story

I get to visit Santa Village with friends or family.

I can check out a sensory kit at the Little Red House.

I will see Santa's reindeer.

The barn has a train and lots of trees with lights and music.

There are presents in the barn that Santa gives to kids in need.

I can make a craft in the Bunkhouse and play with toys.

There will be horses pulling people in a carriage.

In Santa's house, I will wait my turn to see him.

In the kitchen, I can decorate cookies with Mrs. Claus.

There will be lots of lights and music all around Santa Village.

If I need to a break, I can go to the Little Red House to relax

Santa Village is a great time to celebrate the holiday season.
