- **7.** Review updated Valley Senior Services Transit Drug and Alcohol Policy and Fleet Maintenance Plan; Paul Grindeland, presenter.
- **8.** Review request to solicit for bids for Park Division Equipment; Dave Bietz, presenter.
- **9.** Other

Next Fargo Park Board Meeting: August 2, 2022; 5:30 p.m. Next Facilities Committee Meeting: August 31, 2022; 8:00 a.m.

MEMORANDUM

DATE: July 20, 2022

TO: Fargo Park Board Commissioners

FROM: Kevin Boe, Recreation Director

RE: Agenda Item No. 1 – Review schematic drawings and renderings for

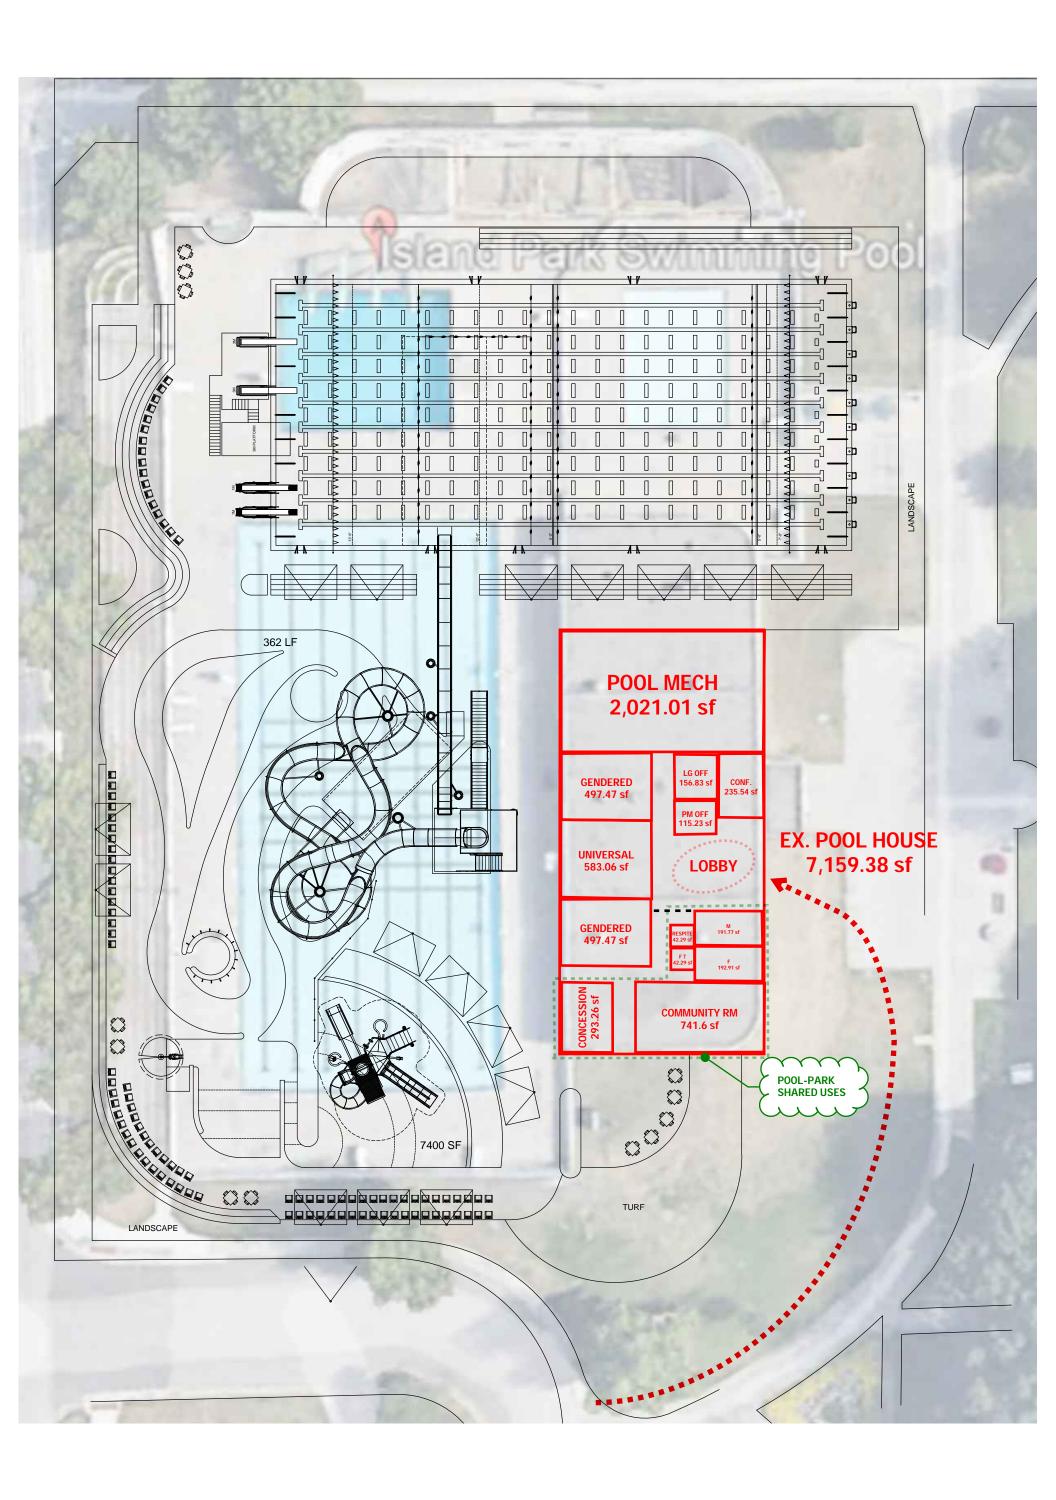

reconstruction of Island Park Pool

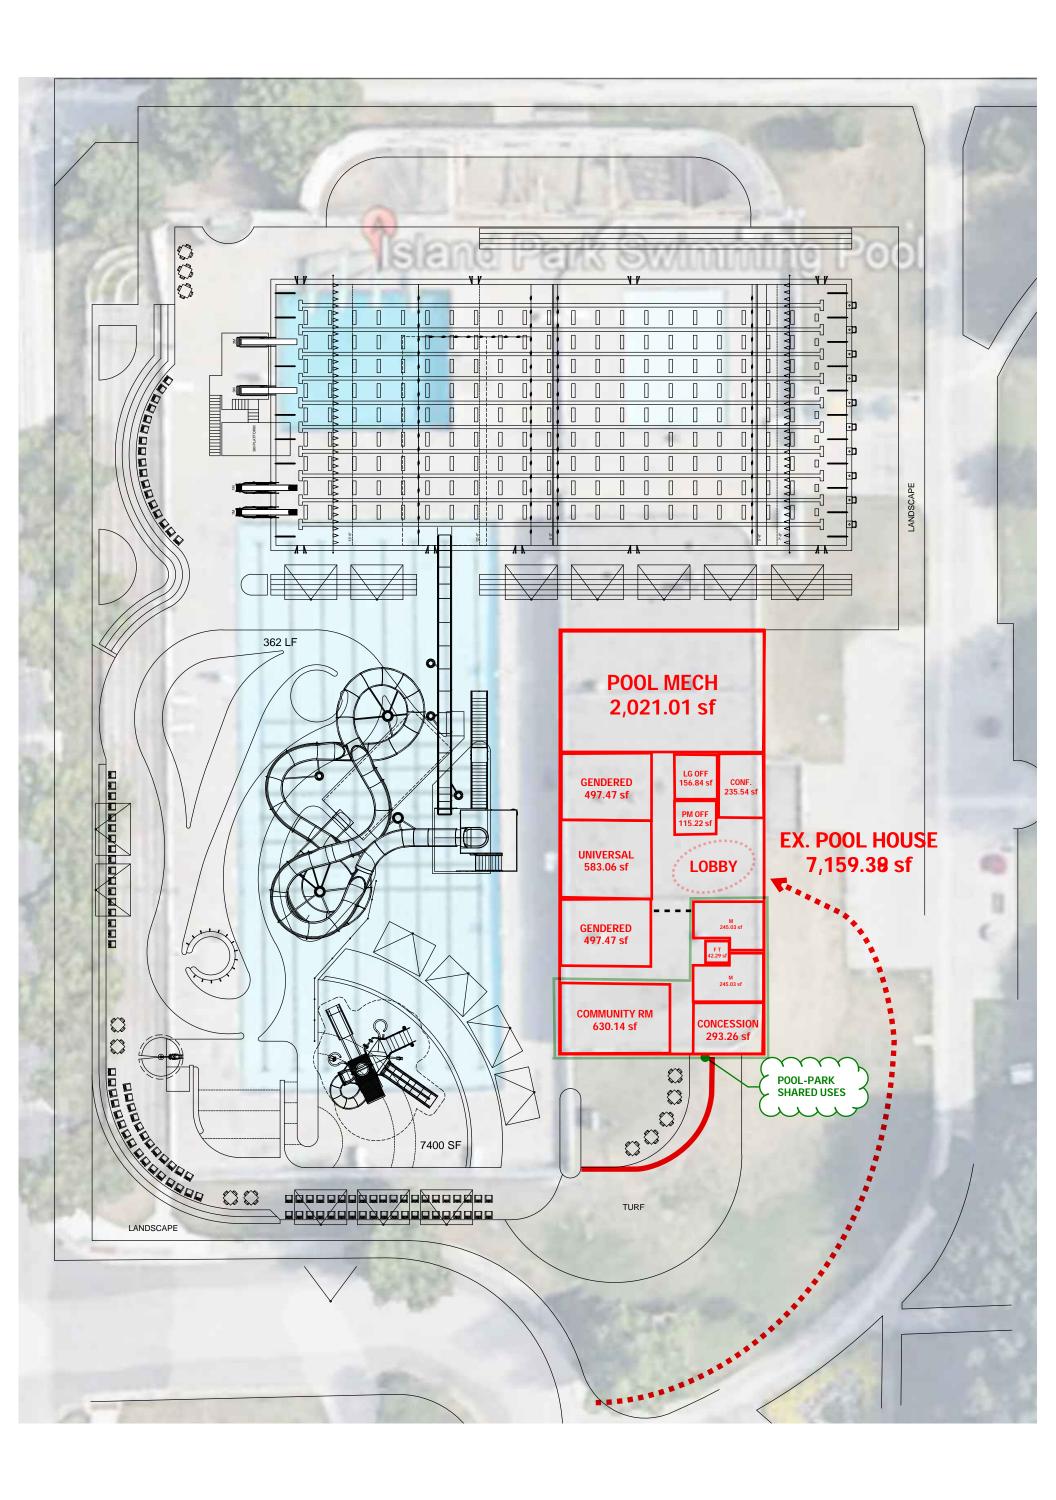

At the June 14th, 2022, Board Meeting, Commissioners agreed on the location of Island Park Pool in conjunction with the Master Plan of Island Park. Staff has been meeting with Tony Wolf (Zerr-Berg) and Doug Whiteaker (WTI) on the design, cost estimates and schedule for the reconstruction of Island Park Pool.

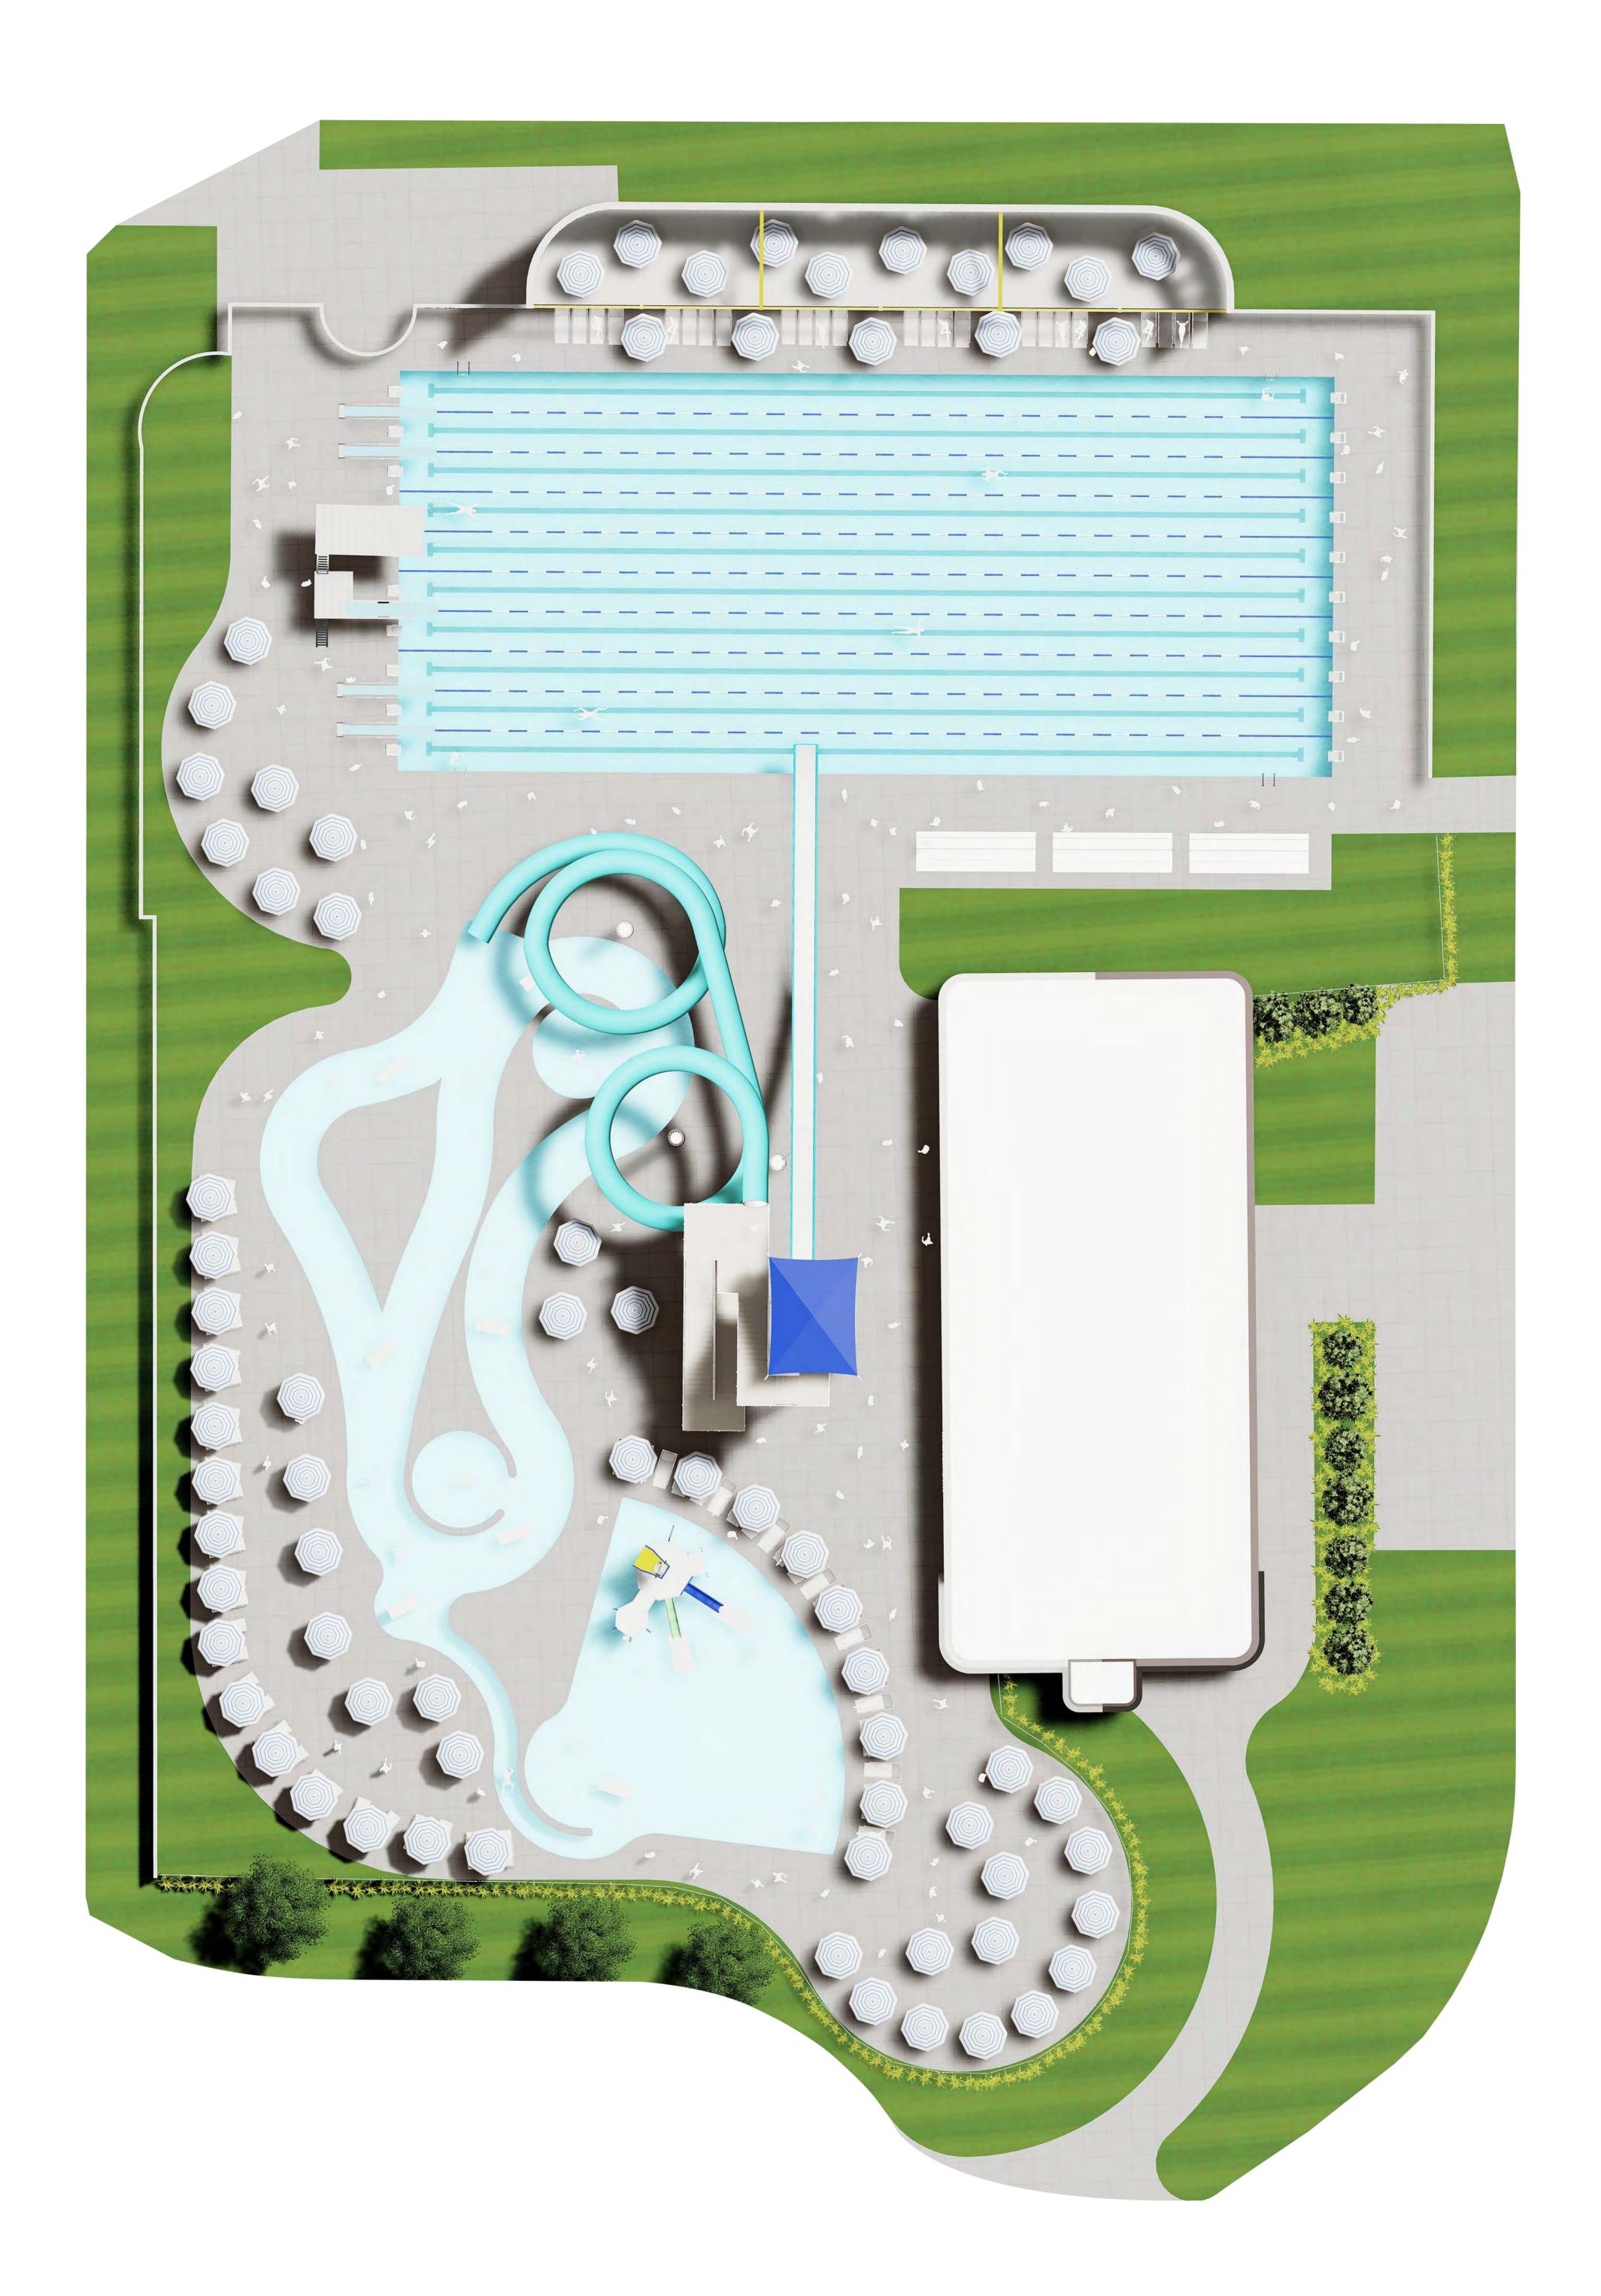

Tony Wolf (Zerr-Berg) will review schematic drawings, estimated cost, and a tentative schedule for the reconstruction of Island Park Pool.

Please let me know if you have any questions prior to the meeting.

Thank you.

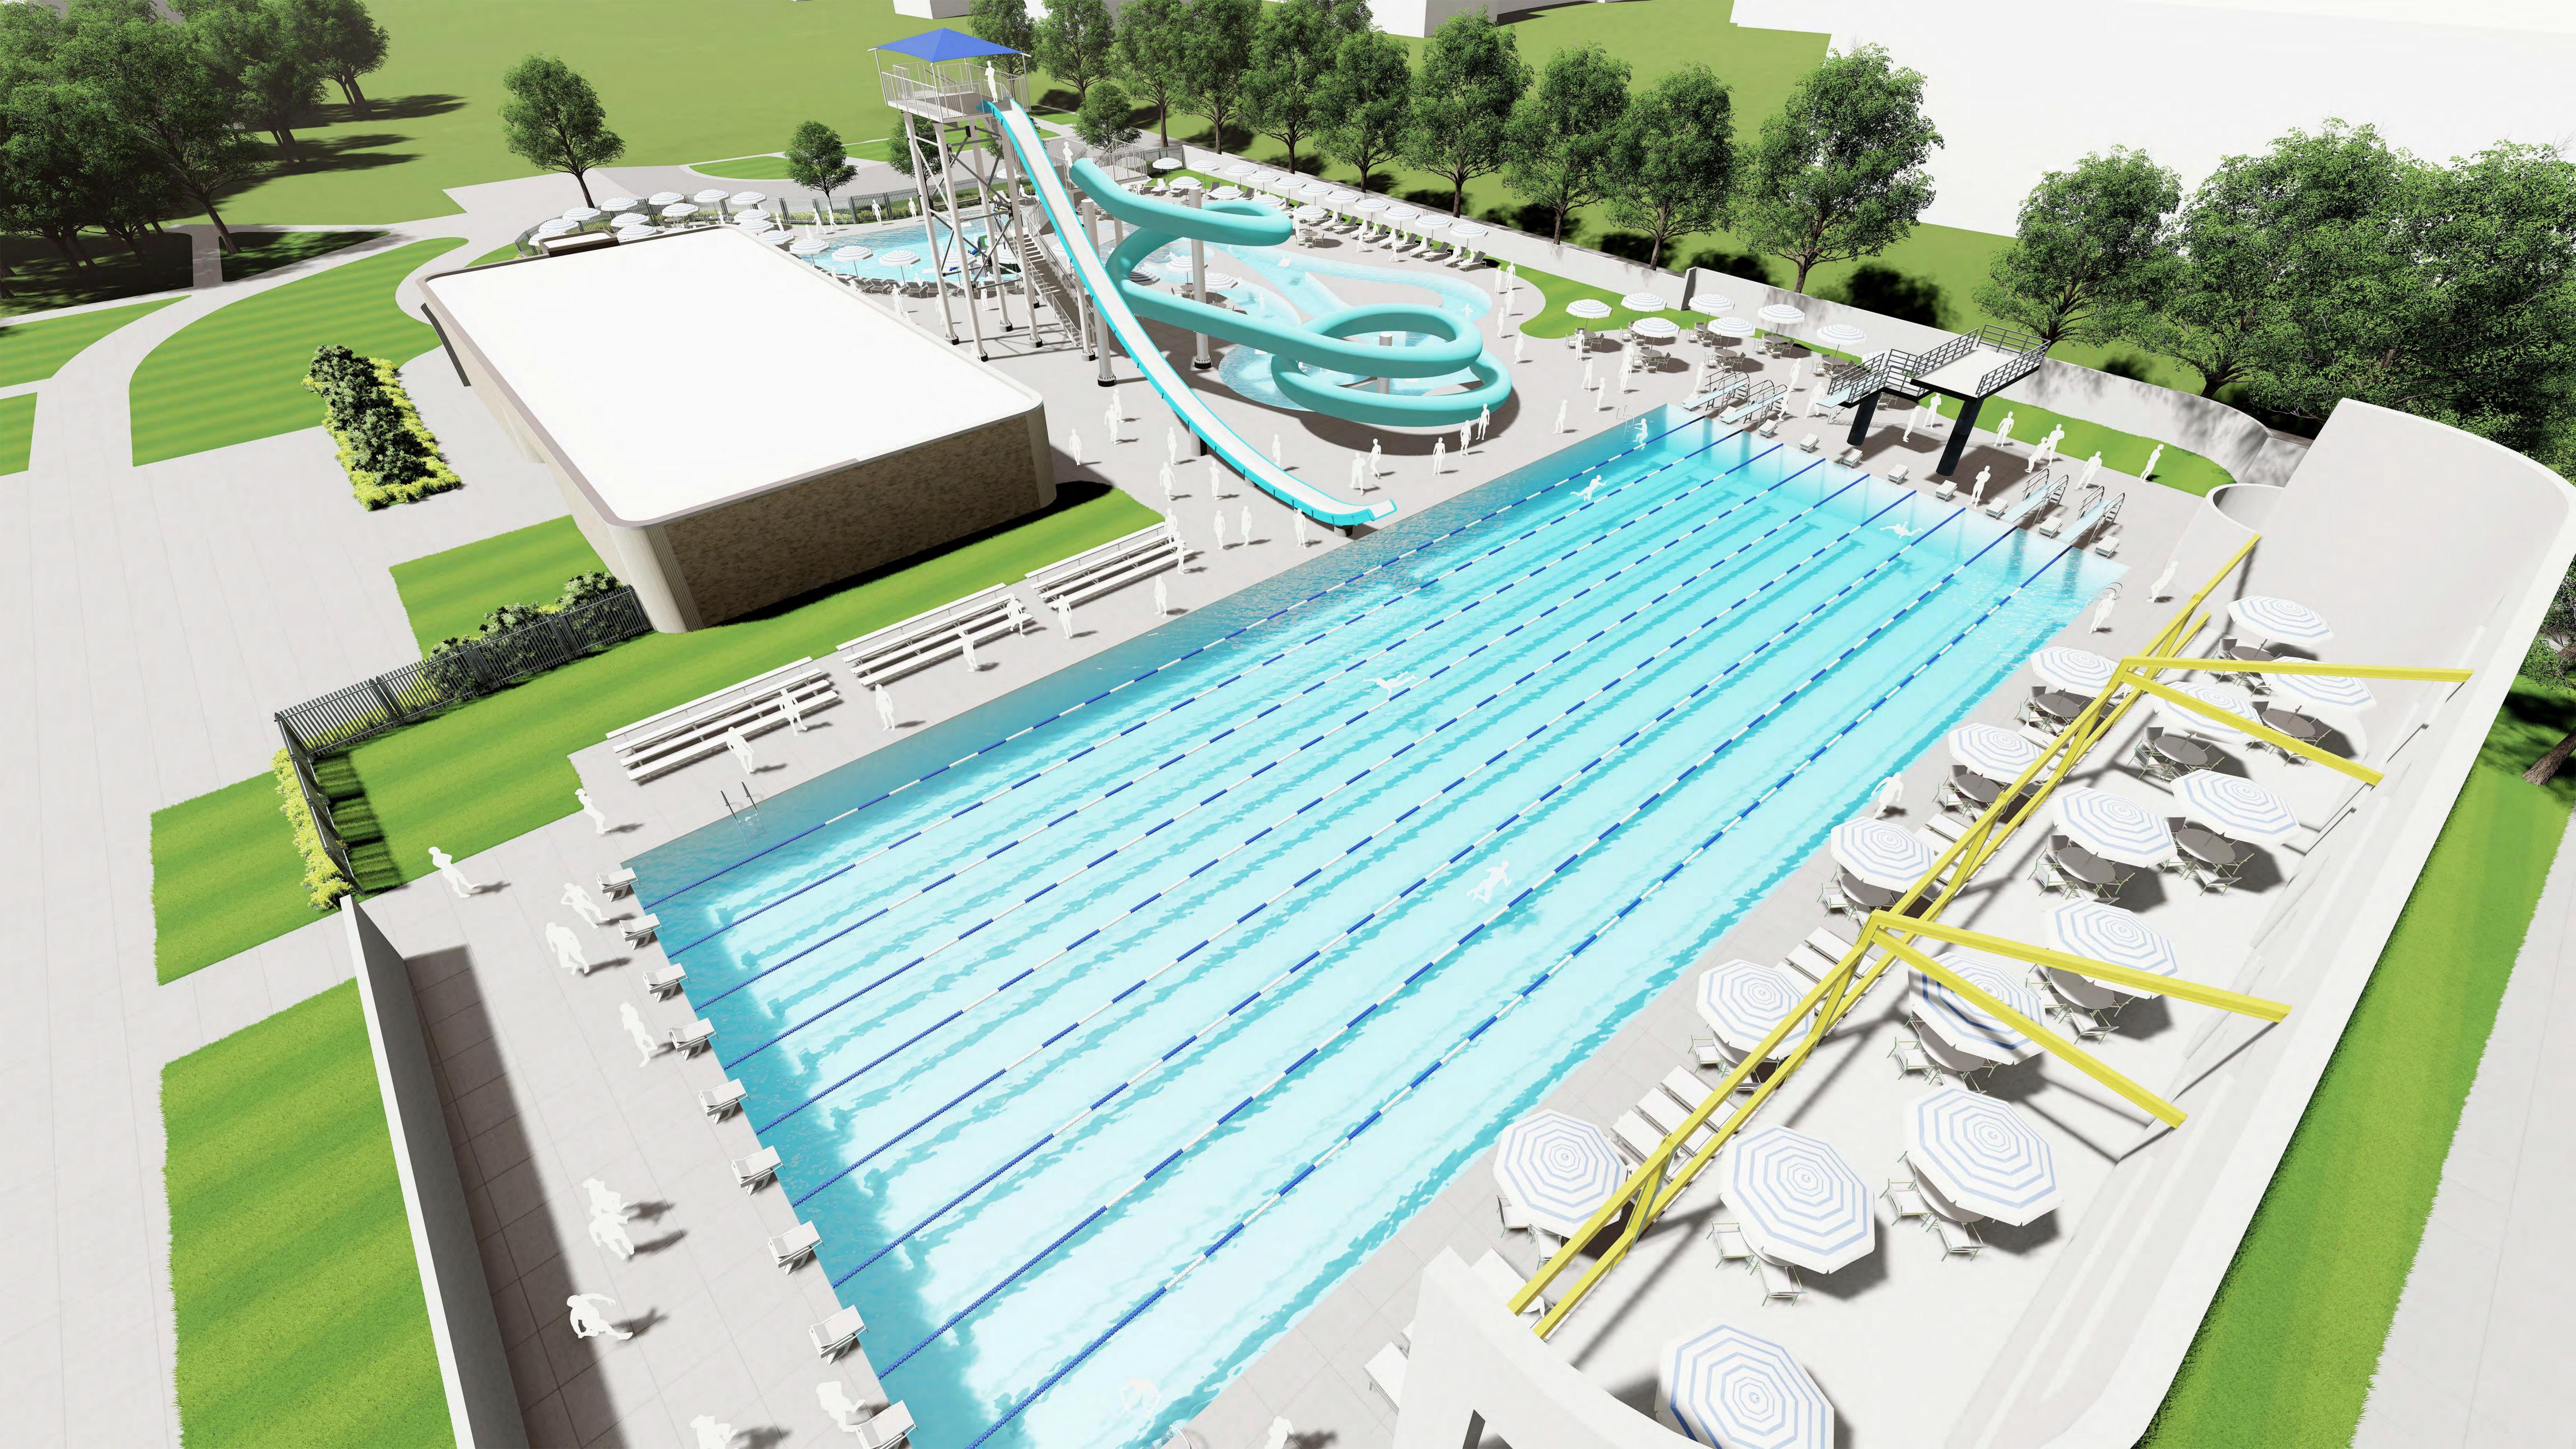

Island Park Aquatics Center

Fargo, ND

Project No. 20-027

July 20, 2022

Summary of Probable Costs

| M Competition Pool with Lifestyle Pool and Lazy River | | | 20 | 022 Construction | 20 | 023 Construction |

MEMORANDUM

DATE: July 22, 2022

TO: Fargo Park Board Commissioners

FROM: Broc T. Lietz, Finance Director

RE: Agenda Item No. 2 - Review 2023 preliminary budget

The preliminary 2023 Park District budget has been prepared using a mill levy rate of 33.86. This represents no new mills from last year.

The following schedules will be presented at the July 27th committee meeting.

- 2023 budget highlights;
- 2023 Budgeted revenue and expenses by department
- 2023 Budgeted revenue and expenses by fund
- 2023 Capitals schedule;
- 2023 Continuing Education schedule.

The objective of the meeting will be to set the mill levy rate in order to finalize the preliminary budget. The final preliminary budget will be presented at the August 2nd board meeting and submitted to Cass County before August 10th.

Please let me know if you have any questions.

Thank you!

Fargo Park District Budget Highlights 2023, Preliminary Budget Updated 7/22/2022

1. Overall Comments

- i. General Fund Budget is balanced at \$29,561,703
- ii. Mill levy rate of 33.86 for the preliminary budget, no increase in mills from 2022
- iii. All Funds

 General Fund
 \$29,561,703

 Debt Service Fund
 7,767,312

 Valley Senior Services
 5,806,236

 Total All Funds
 \$43,135,251

 Courts Plus had previously be a separately reported fund in our budget process and our financial reporting process. Due to change in financial reporting process for the audit, Courts Plus is now rolled into the General Fund for both.

b. Payroll changes

- i. 9 additional positions, with a budgeted cost at \$731,000
- ii. Full-time staff compensation pool increase of 5%
- iii. Seasonal staffing increases of 18%
- iv. health insurance increase of 14%

2. Capitals

- a. Capitals for 2023 Preliminary Budget of \$4,675,025. Increase of \$572,051 from 2022 budget.
- b. Detail of the 2023 Capitals Request Schedule is provided.

3. Continuing Education

a. Final continuing education amounted to \$164,720.

4. Recreation (01)

- a. Projecting to see slight increases in revenue from recreational programs
- b. Increase in payroll related to hiring of Sports Complex Manager
- c. Decrease expenses related to scheduled equipment needs

5. Events (05)

a. Increase in expense related to an additional staff member

6. Concessions (08)

- a. Projecting an increase in revenues of concessions for 2023 compared to 2022.
- b. Increase in expense related to additional staffing needs

7. Golf Courses (10)

- a. Project a revenue increase in revenues in 2023 compared to 2022. We expect to see a decrease in the actual figures in 2022 compared to 2021 due to weather, but otherwise the courses have been very busy in June of 2022.
- b. Expect revenue increases in our driving ranges. New turf at Osgood will extend driving range availability in the Spring and Fall.
- c. Payroll expenses will be slightly shifting, as we are proposing to bring on 3 Full Time Golf Pro Assistants. These are Part Time positions currently.
- d. Repairs expenses will be drastically decreased in 2023 budget, as the Osgood Sloughing Project was budgeted in 2022.
- e. Major Capital Expenses for 2023 include:
 - i. Osgood Irrigation Upgrade \$400,000
 - ii. Edgewood Cart Path Updates on holes 12, 13, 14, 16, 17 \$150,000
 - iii. Rose Creek Cart Path Widening to 8Ft \$128,000

8. Facilities (15)

- a. Increase in revenue related to Cornerstone Agreement
- b. Increase in Capital Expenses related to:
 - i. Sports Arena Roof Replacement \$775,000
 - ii. SWYA Cornerstone Projects \$180,000
 - iii. SWYA Zamboni Replacement \$93,275

9. Neighborhood Parks (20)

a. Decrease in budgeted capital expenses

10. Pools (25)

- a. Operations of Island Park Pool not included, as it won't be open in 2023. This will lead to a decrease in both revenue and expenses.
- b. Increase in capital expenses for pool equipment. Pumps, strainer baskets, and other necessary equipment to keep pools running.
- c. Increase in debt principal and interest for Island Park Pool bridge loan by \$714,900

11. Operations (30)

- a. Increase in payroll expenses for part time staffing needs
- b. Major Capital Expenses for 2023 include:
 - i. Payloader \$258,000
 - ii. Village West Trail Replacement \$240,000
 - iii. McCormick Trail Replacement \$170,000
 - iv. Repair North Softball Complex Outfall \$150,000
 - v. Metro wide Amenities Study \$150,000
 - vi. Masterplan for Community Parks \$100,000

12. Administration (50)

- a. Increase in payroll mainly related to addition of two new positions, Deputy of Administration and Deputy of Operations
- b. Increase expenses in computer services and IT needs
- c. Increase in liability insurance by around \$50,000

13. Broadway Square (09)

- a. Decrease in budgeted 2023 revenues by approximately \$42,000 compared to 2022
- b. Decrease in budgeted 2023 expenses compared to 2022
 - i. Payroll by approximately \$98,000, as it will be just one Full Time Employee.
 - ii. Promotion and Advertising by approximately \$38,000

14. Park Foundation Operations

a. Adding of a Full Time Executive Director that sole job responsibility will be for the Foundation.

15. Debt Service Fund

a. Added new debt for Coliseum Parking Lot

16. Forestry Fund

a. Decrease in capital expense costs by around \$300,000 from the 2022 budget.

17. Courts Plus (12)

- a. Projecting a surplus of \$42,431 for 2023. This includes no \$200,000 transfer from general fund (as Courts Plus is in the General Fund now.)
- b. Total increase in revenue, as memberships costs will go up, as well as number of members has been increasing.
- c. Total decrease in budgeted revenues of \$97,319. Mainly due to lower projected memberships, which make up \$77,749 of the total
- d. Decrease in budgeted expenses mostly related to Courts Plus note recoding deprecation on the Fund Budget Statements anymore (accounting change due to them being incorporated in the General Fund). However, they will be recording their long term lease payment as an expense now. The net change of these two changes is a positive \$167,000 for Courts Plus in the 2023 budget

18. Valley Senior Services (45)

- a. Projected deficit of \$3,495
- b. Projected increase in revenues
 - i. Increase in projected federal revenue in 2023
 - ii. Increase in projected revenue from mill levies in 2023
- c. Projected increase in expenses
 - i. Primarily due to decrease in part-time salaries.
 - ii. Also increase in meal costs

M E M O R A N D U M

DATE: July 22, 2022

TO: Fargo Park Board Commissioners

FROM: Dave Leker, Executive Director

RE: Agenda Item No. 3 – Continue discussion on an ice facility at the Fargo Parks Sports

Complex (FPSC) in collaboration with Angel Hockey and Fargo Youth Hockey

Association

At the June 14th board meeting, commissioners directed the staff to present at the June 29th Facilities Committee Meeting options to move forward with constructing a two-sheet ice facility connected to the Fargo Parks Sports Complex by investigating the pre-design phase, as well as determining the estimated cost of ice, and directing the finance department to determine funding mechanisms for this addition.

At the Facilities Committee Meeting on June 29, 2022, we presented three pre-design layouts for two sheets of ice at the Fargo Parks Sports Complex along with pre-design budget estimates. During the meeting, the finance team presented data regarding the status of fund balances throughout the district, to include limitations of restricted funds and accessibility to unrestricted funds for board consideration. Broc and Luke also discussed the previously approved bridge loan, paid through the dedication of one general fund mill, for capital projects and the annual impact it has on the annual operating budget. The foundation was asked to have a meeting with representatives from Fargo Youth Hockey and Angel Hockey to discuss the potential for private contributions toward the cost of a two-sheet ice facility.

Through discussion at the Facilities Committee and subsequent conversations, it became apparent that the district should be considering a broader scope for a Phase 2 of the FPSC. Attached to this memo are some discussion points for the Budget/Facilities Committee Meeting next week. A request was made to research the possibility of funding phase 2 in the current budget cycle through increased debt service levy and general obligation debt. The district's financial advisor had provided the following to our finance team:

Approve a preliminary 2023 Budget that includes a mill levee increase to cover the bond repayment. Begin 60-day protest period for issuing General Obligation Bonds by issuing a notice in the Fargo Forum on August 3rd to begin the 60-day protest period. We would move the final Budget Approval from the September Board Meeting to the October Board Meeting and hold it on the 1st Tuesday of October. We will have to be confirm with our Bond Counsel this timeline works out.

As a result of the research staff has done under the direction of the board, we recommend the following action:

Establish a Task Force consisting of representatives from Fargo Park District Staff, Commissioners and local stakeholder groups to discuss Phase II for the Fargo Parks Sports Complex and work through the discussion points shown on the attachment. This would allow us to gather better information for the project to include: needs assessment, updated business model to fit scope, project scope, design, budget, schedule, funding solutions and partner agreements.

If you should have any questions, feel free to contact me prior to the Committee meeting.

Thank you.

Discussion Points for Phase 2 of Fargo Parks Sports Complex July 22, 2022

1. Indoor/Outdoor Facility Needs Assessment Study.

| Surface | # of Fargo Facilities | Estimated Users | Ratio |
|---------------|-----------------------|-----------------|--------|
| Turf | 2 | 8797 | 4398:1 |
| Hard Surfaces | 2.5 | 4450 | 1780:1 |
| Ice | 4 | 2203 | 551:1 |

- 2. Update Fargo Parks Sports Complex Business Model with new scope of services.
- 3. Scope of Sports Complex Phase II

1-2 Ice Sheets \$12-\$24m
4 Hard Courts \$8m
6 Pickleball/6 Rentable Rooms/Playground \$7m
Generator \$1m
\$28m -\$40m

Additional consideration with cost TBD: 2nd Indoor Turf Facility
Additional Alternates

4. Potential Available Funding \$3m cash reserves

\$6m debt service retirement in '23 & '24

<u>\$3-\$6m</u> private hockey commitments

\$12-\$15m

5. Other Funding Private/Naming for Sports Complex

and Island Park Pool - \$27m +

6. New Money 1 mills – \$10.8m over 20 years

2 mills - \$21.6m over 20 years

2.77 mills – \$30m over 20 years (max debt capacity)

7. Discuss 50/50 Public/Private cost share split.

Current Project \$78 million Currently at (67/33) 67% public (\$52million), 33% private (\$26million)

Phase II – 4 hard courts, 6 pickleball/rooms/playground & 1 Sheet Scenario \$78m + \$28m = \$106 million (73/27) 73% pubic (\$77 million), 27% private (\$29 million)

Phase II - 4 hard courts, 6 pickleball/rooms/playground & 2 Sheet Scenario \$78m + \$40m = \$118 million (73/27) 73% pubic (\$86 million), 27% private (\$32 million)

- 8. Guaranteed rental contracts Guaranteed current ice rental hours at facilities along with guaranteed renting of all new available hours from additional one or two sheets
- 9. Discussion on 650 credit hours for Fargo Youth Hockey
- 10. Discussion of possible new partners: (Fargo School District, etc.)

MEMORANDUM

DATE: July 20, 2022

TO: Fargo Park Board Commissioners

FROM: Dave Leker, Executive Director

Stacy Kruger, Human Resources Manager

RE: Agenda Item No. 4 - Discussion of BerryDunn Reorganization

The Executive Director, the HR Manager, along with the support of the Directors, are asking for Board permission to move forward with the components of the BerryDunn Reorganization that was received by the Board during the June Board Meeting. Your permission will allow the Park District to start the reorganization process in the following areas:

- Hiring of two Deputy Directors (Administration & Operations)
- Realignment of the departments and reporting lines
- Establishment of an Events Manager, which would only be open to internal events staff.

If you should have any questions, please feel free to contact Dave Leker or Stacy Kruger prior to the meeting.

Thank you.

DATE: July 20, 2022

TO: Fargo Park Board Commissioners

FROM: Dave Leker, Executive Director

RE: Agenda Item No. 5 – Review draft job descriptions for Deputy Director of

Administration and Deputy Director of Operations positions

We are currently working on the job descriptions for the two Deputy Director positions. Attached are the drafts our HR Department has put together with input from myself and the Director's Team.

The plan is to have one Commissioner, the Executive Director, one Park District employee and one individual from outside the Park District sit on each of the selection committees. The selection committee will review the applications that meet our position criteria. They will then rate each of the applicants along with other members of the selection committee. HR will then tabulate the scores and work with the selection committee to select which applicants we would like to interview. Our goal would be to interview three – five applicants.

The selection committee would make the final selection for each position. Our goal would be to have these two positions on staff by November 1, 2022.

Please let me know if you have any questions prior to the Committee meeting.

Thank you.

JOB DESCRIPTION

| Job Title: | Deputy Director of Administration | | |
|------------------|--|--------------|------------------------|
| Departments: | Finance, Marketing/Communications, Human Resources, Information Services, and Valley Senior Services | Last Revised | July 2022 |
| Reports To: | Executive Director | Status | Full Time / Benefitted |
| EEO Job Category | Officials & Administrators | Pay Type | Exempt |
| Supervises: | Finance Director, HR Manager, IT Manager, Marketing/Communications Director, & VSS Director | | |

SUMMARY:

This position will perform complex professional and administrative work and requires an extensive depth of expertise and knowledge in specialized functions or business areas that can be used to develop policies and procedures as well as determining efficient and innovative ways to accomplish the Park District's business strategies and goals. Serves as a strategic business partner to develop department and organizational goals and monitor progress towards them as a member of the Executive Management team with a focus on the Administration Division of the Fargo Park District. Departments included in this division: Finance, Marketing/Communications, Human Resources, Information Technology, and Valley Senior Services.

ESSENTIAL FUNCTIONS:

Evaluation of this position is based primarily on performance of the following essential functions, which include, but are not limited to:

- Serves as the principal advisor to the Executive Director on all division matters. Works closely with
 the Executive Director and Deputy Director of Operations, as part of the three-member Executive
 Team, in developing and implementing long range planning and objectives, capital improvement
 programs, policies, and procedures for the organization. Monitors progress by collaborating with
 department leaders.
- Provides strategic leadership and vision for the oversight of division departments and initiatives with a
 focus on maximizing personnel, budgets, and other resources including those to ensure the safety and
 well-being of all Park District personnel through risk management practices.
- Makes recommendations to revise policies and procedures, meeting legal requirements.
- Coordinates the overall logistics, planning, and organization of the division departments.
- Guides Park District personnel toward goal accomplishments; consistently develops and sustains cooperative working relationships as a team member and develops highly effective teams.
- Supports the Executive Director in carrying out special assignments.
- Assumes leadership role in developing and maintaining professional relationships with Park Board Commissioners and stakeholders of the Fargo Park District.
- Acts as liaison with outside organizations and agencies concerning allied services and assist the Executive Director on being the ambassador of the Park District with the public.

- Keeps the Executive Director and Park Board Commissioners informed in a timely manner on matters of significant importance.
- Acts in partnership with the Deputy Director of Operations, in the absence of the Executive Director.
- Maintains a comprehensive knowledge and awareness of new technologies and philosophies regarding park and recreation trends, standards, codes, and regulations.
- Oversees and participates in the development and administration of assigned departments, division, and district's annual budget.
- Demonstrates high moral integrity and trustworthiness through the ability to gain and maintain the trust and confidence of others and the organization through consistency and reliability.
- Exercises a high level of independent action and decision making over division operations.
- Performs critical decision-making and is given the independence to set up processes and procedures.
- Develops tools to evaluate division effectiveness.

EDUCATION/EXPERIENCE:

Accepted education and experience are as follows:

 A Bachelor's degree from an accredited college or university and at least five (5) years of progressive, related experience in an upper-level management/administrative position, with consideration given to those with experience in the fields of parks, recreation, and health and wellness that clearly demonstrates the knowledge, skills, and abilities, to perform the essential functions of the position.

CREDENTIALS/LICENSES/CERTIFICATIONS:

- Certified Park and Recreation Professional (CPRP) certification or Certified Park and Recreation Executive (CPRE) is required or ability to acquire within the established guidelines of NRPA in collaboration with the Executive Director.
- The Park District will assist the Deputy in maintaining their certification with continuing education credits.
- Must possess a valid driver's license.

REQUIREMENTS:

- Ability to prioritize, organize, and direct various operations of Finance, Marketing/Communications, Human Resources, Information Technology, and Valley Senior Services.
- Ability to develop and maintain effective working relationships with Park Board Commissioners, stakeholders, including employees and the public.
- Knowledge of federal and state laws regarding public organizations and specifically Political Subdivisions.
- High level of financial knowledge and expertise required, particularly in the development and on-going monitoring of all aspects of the Park District's budget.
- The ability to make high level decisions regarding complex issues and special projects. Must have the
 ability to rely on experience and judgment with a wide degree of creativity and latitude to accomplish
 responsibilities.
- Must be highly motivated and take direction well with excellent interpersonal skills and communication skills, both written and verbally.

- Ability to work independently and with a team in a fast-paced and high-volume environment with emphasis on accuracy and timeliness.
- Establishes and fosters an open culture of communication and effective working relationships
- Demonstrate superior seamless customer service, integrity, and commitment to innovation, efficiency, and fiscally responsible activity.
- Knowledge of principles and practices of program development and public administration.
- Serve as a spokesperson or recognized authority of the organization in matters of substance or considerable importance, including departmental practices, procedures, regulations, or guidelines.
 May be required to discuss controversial matters where tact is required to avoid friction and obtain cooperation.

SUCCESS FACTORS:

To successfully perform this job, the following training, knowledge, and abilities are required:

- Required Training: All Fargo Park District employees are required to complete all general mandatory training and/or review all applicable policies. These include, but are not limited to, blood borne pathogens, emergency communications, hazardous communications, slip/trips/falls, personal protective equipment, sexual and other forms of harassment, drug free workplace, violence in the workplace, fire prevention, concealed weapon, personal appearance/dress code, social media, distracted driving, cell phone use, ethics, and Park District computer use. Specialized and/or position specific safety training may be required.
- **Knowledge/Skills:** Must have general knowledge of Fargo Park District programs, operations, and facilities. Knowledge and skill in the operation and maintenance of computers, standard office machines, and telephone skills.
- **Staff Development**: Must develop staff in such a manner that each individual maximizes their potential. Such development should be consistent with any applicable succession plan.
- Language/Mathematical Skills: Ability to communicate effectively, both verbally and in writing. Ability to perform math related to budget, contract, reports, etc., consistent with the essential functions of the job.
- Reasoning Ability: Ability to research, plan, implement, problem-solve, and evaluate programs, activities, and operations. Ability to discern and effectively address relevant issues. Ability to trouble-shoot and adopt creative solutions. Uses critical and systems thinking.
- Attendance: Regular and predictable attendance is expected and required. All Fargo Park District
 employees must be prepared to work flexible schedules, including evenings, weekends and/or holidays
 as required.
- Other: Must possess positive customer service attitude and image, dependability, good judgment, diplomacy, and appropriate confidentiality to all internal and external stakeholder groups. Must communicate effectively with all stakeholders. Ability to give and receive criticism with diplomacy. Ability to hold crucial conversations when needed.

PHYSICAL DEMANDS AND WORK ENVIRONMENT:

| Essential Physical Requirements | Occasional | Frequently | Continuous |
|---------------------------------|---------------|------------|------------|
| Lifting – Carry | Up to 20 lbs. | | |
| Lift | | | |
| Floor to Waist | Up to 20 lbs. | | |
| Waist to Shoulder | Up to 20 lbs. | | |
| Shoulder to Overhead | Up to 20 lbs. | | |
| Push/Pull | X | | |
| Outdoors | X | | |
| Standing/Walking | X | | |
| Sitting | | X | |
| Bending – Reach | X | | |
| Twisting | X | | |

Work is generally conducted in an office setting and various parks and recreation facilities. The employee may be subject to adverse conditions which may include exposure to communicable diseases, undesirable weather, and potentially infectious materials.

PRE-HIRE REQUIREMENTS

| Criminal Background: | Yes |
|------------------------|-----|
| Motor Vehicle: | Yes |
| Social Security Trace: | Yes |
| Credit: | Yes |
| Prior Employment: | Yes |
| Education: | Yes |
| Drug Screen: | No |
| | |

GENERAL EXPECTATIONS:

The employee is to report suspected or actual harassment, abuse/neglect to the chain of command and work effectively and cooperatively with others inside/outside the agency. Must possess a valid driver's license and reliable transportation in case of driving within or beyond the Park District is required.

Preserving valid certifications, licensure or registration is expected for those positions that require such, in order, to continue employment. It is essential for the employee to maintain all training required by the position.

Fargo Park District promotes a non-hostile and non-discrimination work environment. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions of the job. Employees must always adhere to respectful conduct and language. The Board of Park Commissioners expects all employees to follow the department and Park District policies/procedures, rules and regulations.

The preceding statements are intended to describe the general nature and level of work being performed by people assigned to this position. They are not to be construed as an exhaustive list of all job duties performed by personnel in this position.

MEMORANDUM

DATE: July 20, 2022

TO: Fargo Park Board Commissioners

FROM: Broc T. Lietz, Finance Director

RE: Agenda Item No. 6 - Review 2022 2nd Quarter Financials

The leadership team will be providing a quarterly financial review for commissioners to provide ongoing financial data and status throughout the fiscal year. The review will contain the following items:

- 1. Budget-to-Actual Review YTD
- 2. Cash Flow and Cash Reserve Balances (current position and projections)

The data we will review on July 27, 2022, will be for the period ending June 30, 2022. Going forward we will review financials at the Facilities Committee in April, July, October, and yearend to truly reflect quarterly data.

If you have any questions prior to the Facilities Committee, please contact me to discuss.

Memo

Date: July 20, 2022

To: Fargo Park Board Commissioners

From: Paul Grindeland, Transportation Manager – Valley Senior Services (VSS)

Re: Agenda Item No. 7 – Review updated Valley Senior Services Transit Drug and Alcohol

Testing Policy and Fleet Maintenance Plan

The North Dakota Department of Transportation (NDDOT) periodically requires all transit agencies to update their Transit related policies.

The Drug and Alcohol Testing and Maintenance Policies for review today are both templates provided by NDDOT; VSS adopts these templates as written. The new policies contain only a few minimal changes compared to the current versions.

Please feel free to contact me prior to the meeting with questions.

Thank you.

DRUG AND ALCOHOL TESTING POLICY Valley Senior Services Adopted as of:

A. PURPOSE

- 1) The Valley Senior Services provides public transit and paratransit services for the residents of Fargo/West Fargo/Moorhead/Dilworth and Cass, Traill, Steele, Richland, Ransom, Sargent, and rural Grand Forks Counties. Part of our mission is to ensure that this service is delivered safely, efficiently, and effectively by establishing a drug and alcohol-free work environment, and to ensure that the workplace remains free from the effects of drugs and alcohol in order to promote the health and safety of employees and the general public. In keeping with this mission, Valley Senior Services declares that the unlawful manufacture, distribution, dispense, possession, or use of controlled substances or misuse of alcohol is prohibited for all employees.
- 2) Additionally, the purpose of this policy is to establish guidelines to maintain a drug and alcohol-free workplace in compliance with the Drug-Free Workplace Act of 1988, and the Omnibus Transportation Employee Testing Act of 1991. This policy is intended to comply with all applicable Federal regulations governing workplace anti-drug and alcohol programs in the transit industry. Specifically, the Federal Transit Administration (FTA) of the U.S. Department of Transportation has published 49 CFR Part 655, as amended, that mandates urine drug testing and breath alcohol testing for safety-sensitive positions, and prohibits performance of safety-sensitive functions when there is a positive test result, or a refusal to test. The U. S. Department of Transportation (USDOT) has also published 49 CFR Part 40, as amended, that sets standards for the collection and testing of urine and breath specimens.
- 3) Any provisions set forth in this policy that are included under the sole authority of Valley Senior Services and <u>are not</u> provided under the authority of the above named Federal regulations are underlined. Tests conducted under the sole authority of Valley Senior Services will be performed on non-USDOT forms and will be separate from USDOT testing in all respects.

B. APPLICABILITY

This Drug and Alcohol Testing Policy applies to all safety-sensitive employees (full- or part-time) when performing safety sensitive duties. See Attachment A for a list of employees and the authority under which they are included.

A safety-sensitive function is operation of public transit service including the operation of a revenue service vehicle (whether or not the vehicle is in revenue service), maintenance of a revenue service vehicle or equipment used in revenue service, security personnel who carry firearms, dispatchers or persons controlling the movement of revenue service vehicles and any transit employee who operates a non-revenue service vehicle that requires a Commercial Driver's License to operate. Maintenance functions include the repair, overhaul, and rebuild of engines, vehicles and/or equipment used in revenue service. A list of safety-sensitive positions who perform one or more of the above mentioned duties is provided in Attachment A. Supervisors are only safety sensitive if they perform one of the above functions. Volunteers are considered safety sensitive and subject to testing if they are required to hold a CDL, or receive remuneration for service in excess of actual expense.

C. DEFINITIONS

Accident: An occurrence associated with the operation of a vehicle even when not in revenue service, if as a result:

- a. An individual dies:
- b. An individual suffers a bodily injury and immediately receives medical treatment away from the scene of the accident; or,
- c. One or more vehicles incur disabling damage as the result of the occurrence and is transported away from the scene by a tow truck or other vehicle. For purposes of this definition, disabling damage means damage which precludes departure of any vehicle from the scene of the occurrence in its usual manner in daylight after simple repairs. Disabling damage includes damage to vehicles that could have been operated but would have been further damaged if so operated, but does not include damage which can be remedied temporarily at the scene of the occurrence without special tools or parts, tire disablement without other damage even if no spare tire is available, or damage to headlights, taillights, turn signals, horn, or windshield wipers that makes them inoperative.

Adulterated specimen: A specimen that has been altered, as evidence by test results showing either a substance that is not a normal constituent for that type of specimen or showing an abnormal concentration of an endogenous substance.

Alcohol: The intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohols contained in any beverage, mixture, mouthwash, candy, food, preparation or medication.

Alcohol Concentration: Expressed in terms of grams of alcohol per 210 liters of breath as indicated by a breath test under 49 CFR Part 40.

Aliquot: A fractional part of a specimen used for testing, It is taken as a sample representing the whole specimen.

Canceled Test: A drug or alcohol test that has a problem identified that cannot be or has not been corrected, or which is cancelled. A canceled test is neither positive nor negative.

Confirmatory Drug Test: A second analytical procedure performed on a different aliquot of the original specimen to identify and quantify the presence of a specific drug or metabolite.

Confirmatory Validity Test: A second test performed on a different aliquot of the original urine specimen to further support a validity test result.

Covered Employee Under FTA Authority: An employee who performs a safety-sensitive function including an applicant or transferee who is being considered for hire into a safety-sensitive function (See Attachment A for a list of covered employees).

Designated Employer Representative (DER): An employee authorized by the employer to take immediate action to remove employees from safety-sensitive duties and to make required decisions in testing. The DER also receives test results and other communications for the employer, consistent with the requirements of 49 CFR Parts 40 and 655.

DOT, The Department, DOT Agency: These terms encompass all DOT agencies, including, but not limited to, the Federal Aviation Administration (FAA), the Federal Railroad Administration (FRA), the Federal Motor Carrier Safety Administration (FMCSA), the Federal Transit Administration (FTA), the National Highway Traffic Safety Administration (NHTSA), the Pipeline and Hazardous Materials Safety Administration (PHMSA), and the Office of the Secretary (OST). For purposes of 49 CFR Part 40, the United States Coast Guard (USCG), in the Department of Homeland Security, is considered to be a DOT agency for drug testing purposes. These terms include any designee of a DOT agency.

Dilute specimen: A urine specimen with creatinine and specific gravity values that are lower than expected for human urine.

Disabling damage: Damage which precludes departure of any vehicle from the scene of the occurrence in its usual manner in daylight after simple repairs. Disabling damage includes damage to vehicles that could have been operated

but would have been further damaged if so operated but does not include damage which can be remedied temporarily at the scene of the occurrence without special tools or parts, tire disablement without other damage even if no spare tire is available, or damage to headlights, taillights, turn signals, horn, or windshield wipers that makes them inoperative.

Evidentiary Breath Testing Device (EBT): A device approved by the NHTSA for the evidential testing of breath at the 0.02 and the 0.04 alcohol concentrations, and appears on ODAPC's Web page for "Approved Evidential Breath Measurement Devices" because it conforms with the model specifications available from NHTSA.

Initial Drug Test: (Screening Drug Test) The test used to differentiate a negative specimen from one that requires further testing for drugs or drug metabolites.

Initial Specimen Validity Test: The first test used to determine if a urine specimen is adulterated, diluted, substituted, or invalid

Invalid Result: The result reported by an HHS-certified laboratory in accordance with the criteria established by the HHS Mandatory Guidelines when a positive, negative, adulterated, or substituted result cannot be established for a specific drug or specimen validity test.

Laboratory: Any U.S. laboratory certified by HHS under the National Laboratory Certification program as meeting standards of Subpart C of the HHS Mandatory Guidelines for Federal Workplace Drug Testing Programs; or, in the case of foreign laboratories, a laboratory approved for participation by DOT under this part.

Limit of Detection (LOD): The lowest concentration at which a measurand can be identified, but (for quantitative assays) the concentration cannot be accurately calculated.

Limit of Quantitation: For quantitative assays, the lowest concentration at which the identity and concentration of the measurand can be accurately established.

Medical Review Officer (MRO): A licensed physician (medical doctor or doctor of osteopathy) responsible for receiving laboratory results generated by the drug testing program who has knowledge of substance abuse disorders and has appropriate medical training to interpret and evaluate an individual's confirmed positive test result, together with his/her medical history, and any other relevant bio-medical information.

Negative Dilute: A drug test result which is negative for the five drug/drug metabolites but has creatinine and specific gravity values that are lower than expected for human urine.

Negative result: The result reported by an HHS-certified laboratory to an MRO when a specimen contains no drug or the concentration of the drug is less than the cutoff concentration for the drug or drug class and the specimen is a valid specimen. An alcohol concentration of less than 0.02 BAC is a negative test result.

Non-negative test result: A urine specimen that is reported as adulterated, substituted, invalid, or positive for drug/drug metabolites.

Oxidizing Adulterant: A substance that acts alone or in combination with other substances to oxidize drugs or drug metabolites to prevent the detection of the drug or metabolites or affects the reagents in either the initial or confirmatory drug test.

Performing (a safety-sensitive function): A covered employee is considered to be performing a safety-sensitive function and includes any period in which he or she is actually performing, ready to perform, or immediately available to perform such functions.

Positive result: The result reported by an HHS- Certified laboratory when a specimen contains a drug or drug metabolite equal or greater to the cutoff concentrations.

Prohibited drug: Identified as marijuana, cocaine, opioids, amphetamines, or phencyclidine as specified in 49 CFR Part 40, as amended.

Reconfirmed: The result reported for a split specimen when the second laboratory is able to corroborate the original result reported for the primary specimen.

Rejected for Testing: The result reported by an HHS- Certified laboratory when no tests are performed for specimen because of a fatal flaw or a correctable flaw that has not been corrected.

Revenue Service Vehicles: All transit vehicles that are used for passenger transportation service.

Safety-sensitive functions: Employee duties identified as:

(1) The operation of a transit revenue service vehicle even when the vehicle is not in revenue service.

- (2) The operation of a non-revenue service vehicle by an employee when the operation of such a vehicle requires the driver to hold a Commercial Drivers License (CDL).
- (3) Maintaining a revenue service vehicle or equipment used in revenue service.
- (4) Controlling the movement of a revenue service vehicle and
- (5) Carrying a firearm for security purposes.

Split Specimen Collection: A collection in which the urine collected is divided into two separate bottles, the primary specimen (Bottle A) and the split specimen (Bottle B).

Substance Abuse Professional (SAP): A licensed physician (medical doctor or doctor of osteopathy) or licensed or certified psychologist, social worker, employee assistance professional, state-licensed or certified marriage and family therapist, or drug and alcohol counselor (certified by an organization listed at https://www.transportation.gov/odapc/sap) with knowledge of and clinical experience in the diagnosis and treatment of drug and alcohol related disorders.

Substituted specimen: A urine specimen with creatinine and specific gravity values that are so diminished or so divergent that they are not consistent with normal human urine.

Test Refusal: The following are considered a refusal to test if the employee:

- (1) Fail to appear for any test (except a pre-employment test) within a reasonable time, as determined by the employer.
- (2) Fail to remain at the testing site until the testing process is complete. An employee who leaves the testing site before the testing process commences for a pre-employment test has not refused to test.
- (3) Fail to attempt to provide a breath or urine specimen. An employee who does not provide a urine or breath specimen because he or she has left the testing site before the testing process commenced for a preemployment test has not refused to test.
- (4) In the case of a directly-observed or monitored urine drug collection, fail to permit monitoring or observation of your provision of a specimen.
- (5) Fail to provide a sufficient quantity of urine or breath without a valid medical explanation.
- (6) Fail or decline to take a second test as directed by the collector or the employer for drug testing.
- (7) Fail to undergo a medical evaluation as required by the MRO or the employer's Designated Employer Representative (DER).
- (8) Fail to cooperate with any part of the testing process.
- (9) Fail to follow an observer's instructions to raise and lower clothing and turn around during a directly-observed test.

- (10) Possess or wear a prosthetic or other device used to tamper with the collection process.
- (11) Admit to the adulteration or substitution of a specimen to the collector or MRO.
- (12) Refuse to sign the certification at Step 2 of the Alcohol Testing Form (ATF).
- (13) Fail to remain readily available following an accident.
- (14) As a covered employee, if the MRO reports that you have a verified adulterated or substituted test result, you have refused to take a drug test.

Vehicle: A bus, electric bus, van, automobile, rail car, trolley car, trolley bus, or vessel. A public transit vehicle is a vehicle used for public transportation or for ancillary services.

Verified negative test: A drug test result reviewed by a medical review officer and determined to have no evidence of prohibited drug use at or above the minimum cutoff levels established by the Department of Health and Human Services (HHS).

Verified positive test: A drug test result reviewed by a medical review officer and determined to have evidence of prohibited drug use at or above the minimum cutoff levels specified in 49 CFR Part 40 as revised.

Validity testing: The evaluation of the specimen to determine if it is consistent with normal human urine. Specimen validity testing will be conducted on all urine specimens provided for testing under DOT authority. The purpose of validity testing is to determine whether certain adulterants or foreign substances were added to the urine, if the urine was diluted, or if the specimen was substituted.

D. EDUCATION AND TRAINING

- 1) Every covered employee will receive a copy of this policy and will have ready access to the corresponding federal regulations including 49 CFR Parts 655 and 40, as amended. In addition, all covered employees will undergo a minimum of 60 minutes of training on the signs and symptoms of drug use including the effects and consequences of drug use on personal health, safety, and the work environment. The training also includes manifestations and behavioral cues that may indicate prohibited drug use.
- 2) All supervisory personnel or company officials who are in a position to determine employee fitness for duty will receive 60 minutes of reasonable

suspicion training on the physical, behavioral, and performance indicators of probable drug use and 60 minutes of additional reasonable suspicion training on the physical, behavioral, speech, and performance indicators of probable alcohol misuse.

E. PROHIBITED SUBSTANCES

- 1) Prohibited substances addressed by this policy include the following.
 - a. Illegally Used Controlled Substance or Drugs Under the Drug-Free Workplace Act of 1988 any drug or any substance identified in Schedule I through V of Section 202 of the Controlled Substance Act (21 U.S.C. 812), and as further defined by 21 CFR 1308.11 through 1308.15 is prohibited at all times in the workplace unless a legal prescription has been written for the substance. This includes, but is not limited to: marijuana, amphetamines, opioids, phencyclidine (PCP), and cocaine, as well as any drug not approved for medical use by the U.S. Drug Enforcement Administration or the U.S. Food and Drug Administration. Illegal use includes use of any illegal drug, misuse of legally prescribed drugs, and use of illegally obtained prescription It is important to note that the use of marijuana in any circumstances remains completely prohibited for any safety-sensitive employee subject to drug testing under USDOT regulations. The use of marijuana in any circumstance (including under state recreational and/or medical marijuana laws) by a safety-sensitive employee is a violation of this policy and a violation of the USDOT regulation 49 CFR Part 40, as amended.

Federal Transit Administration drug testing regulations (49 CFR Part 655) require that all employees covered under FTA authority be tested for marijuana, cocaine, amphetamines, opioids, and phencyclidine as described in this policy. Illegal use of these five drugs is prohibited at all times and thus, covered employees may be tested for these drugs anytime that they are on duty.

b. Legal Drugs: The appropriate use of legally prescribed drugs and non-prescription medications is not prohibited. However, the use of any substance which carries a warning label that indicates that mental functioning, motor skills, or judgment may be adversely affected must be reported to a Valley Senior Services supervisor and the employee is required to provide a written release from his/her doctor or pharmacist indicating that the employee can perform his/her safety-sensitive functions.

c. Alcohol: The use of beverages containing alcohol (including mouthwash, medication, food, candy) or any other substances containing alcohol in a manner which violates the conduct listed in this policy is prohibited.

F. PROHIBITED CONDUCT

- 1) Illegal use of the drugs listed in this policy and as defined in 49 CFR Part 40, as amended is prohibited at all times. All covered employees are prohibited from reporting for duty or remaining on duty if they have used a prohibited drug as defined in 49 CFR Part 40, as amended.
- 2) Each covered employee is prohibited from consuming alcohol while performing safety-sensitive job functions or while on-call to perform safetysensitive job functions. If an on-call employee has consumed alcohol, they must acknowledge the use of alcohol at the time that they are called to report for duty. The covered employee will subsequently be relieved of his/her on-call responsibilities and subject to discipline for not fulfilling his/her on-call responsibilities.
- 3) The Transit Department shall not permit any covered employee to perform or continue to perform safety-sensitive functions if it has actual knowledge that the employee is using alcohol
- 4) Each covered employee is prohibited from reporting to work or remaining on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater regardless of when the alcohol was consumed.
 - a. An employee with a breath alcohol concentration which measures 0.02-0.039 is not considered to have violated the USDOT-FTA drug and alcohol regulations, provided the employee hasn't consumed the alcohol within four (4) hours of performing a safety-sensitive duty. However, if a safety-sensitive employee has a breath alcohol concentration of 0.02-0.039, USDOT-FTA regulations require the employee to be removed from the performance of safety-sensitive duties until:
 - i. The employee's alcohol concentration measures less than 0.02; or
 - ii. The start of the employee's next regularly scheduled duty period, but not less than eight hours following administration of the test.

- 5) No covered employee shall consume alcohol for eight (8) hours following involvement in an accident or until he/she submits to the post-accident drug/alcohol test, whichever occurs first.
- 6) No covered employee shall consume alcohol within four (4) hours prior to the performance of safety-sensitive job functions.
- 7) <u>Valley Senior Services, under its own authority, also prohibits the consumption of alcohol at all times the employee is on duty, or anytime the employee is in uniform.</u>
- 8) Consistent with the Drug-free Workplace Act of 1988, all Valley Senior Services employees are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of prohibited substances in the work place including transit system premises and transit vehicles.

G. DRUG STATUTE CONVICTION

Consistent with the Drug Free Workplace Act of 1998, all employees are required to notify the Valley Senior Services management of any criminal drug statute conviction for a violation occurring in the workplace within five days after such conviction. Failure to comply with this provision shall result in disciplinary action as defined in Section Q of this policy.

H. TESTING REQUIREMENTS

- 1) Analytical urine drug testing and breath testing for alcohol will be conducted as required by 49 CFR Part 40 as amended. All employees covered under FTA authority shall be subject to testing prior to performing safety-sensitive duty, for reasonable suspicion, following an accident, and random as defined in Section K, L, M, and N of this policy, and return to duty/follow-up.
- 2) A drug test can be performed any time a covered employee is on duty. A reasonable suspicion, random, or follow-up alcohol test can only be performed just before, during, or after the performance of a safety-sensitive job function. <u>Under Valley Senior Services authority, a non-DOT alcohol test can be performed any time a covered employee is on duty.</u>

3) All covered employees will be subject to urine drug testing and breath alcohol testing as a condition of ongoing employment with Valley Senior Services. Any safety-sensitive employee who refuses to comply with a request for testing shall be removed from duty and subject to discipline as defined in Section Q of this policy.

I. DRUG TESTING PROCEDURES

- 1) Testing shall be conducted in a manner to assure a high degree of accuracy and reliability and using techniques, equipment, and laboratory facilities which have been approved by the U.S. Department of Health and Human Service (HHS). All testing will be conducted consistent with the procedures set forth in 49 CFR Part 40, as amended. The procedures will be performed in a private, confidential manner and every effort will be made to protect the employee, the integrity of the drug testing procedure, and the validity of the test result.
- 2) The drugs that will be tested for include marijuana, cocaine, opioids, amphetamines, and phencyclidine. After the identity of the donor is checked using picture identification, a urine specimen will be collected using the split specimen collection method described in 49 CFR Part 40, as amended. Each specimen will be accompanied by a DOT Custody and Control Form and identified using a unique identification number that attributes the specimen to the correct individual. The specimen analysis will be conducted at a HHS certified laboratory. An initial drug screen and validity test will be conducted on the primary urine specimen. For those specimens that are not negative, a confirmatory Gas Liquid Chromatography/Mass Spectrometry (GC/MS) or Chromatography/Mass Spectrometry (LC/MS) test will be performed. The test will be considered positive if the amounts of the drug(s) and/or its metabolites identified by the GC/MS or LC/MS test are at or above the minimum thresholds established in 49 CFR Part 40, as amended.
- 3) The test results from the HHS certified laboratory will be reported to a Medical Review Officer. A Medical Review Officer (MRO) is a licensed physician with detailed knowledge of substance abuse disorders and drug testing. The MRO will review the test results to ensure the scientific validity of the test and to determine whether there is a legitimate medical explanation for a confirmed positive, substitute, or adulterated test result. The MRO will attempt to contact the employee to notify the employee of the non-negative laboratory result and provide the employee with an opportunity to explain the confirmed laboratory test result. The MRO will

subsequently review the employee's medical history/medical records as appropriate to determine whether there is a legitimate medical explanation for a non-negative laboratory result. If no legitimate medical explanation is found, the test will be verified positive or refusal to test and reported to Valley Senior Services. If a legitimate explanation is found, the MRO will report the test result as negative.

- 4) If the test is invalid without a medical explanation, a retest will be conducted under direct observation. Employees do not have access to a test of their split specimen following an invalid result.
- 5) Any covered employee who questions the results of a required drug test may request that the split sample be tested. The split sample test must be conducted at a second HHS-certified laboratory. The test must be conducted on the split sample that was provided by the employee at the same time as the primary sample. The method of collecting, storing, and testing the split sample will be consistent with the procedures set forth in 49 CFR Part 40, as amended. The employee's request for a split sample test must be made to the Medical Review Officer within 72 hours of notice of the original sample verified test result. Requests after 72 hours will only be accepted at the discretion of the MRO if the delay was due to documentable facts that were beyond the control of the employee. Valley Senior Services will ensure that the cost for the split specimen analysis is covered in order for a timely analysis of the sample, however Valley Senior Services will seek reimbursement for the split sample test from the employee.
- 6) If the analysis of the split specimen fails to confirm the presence of the drug(s) detected in the primary specimen, if the split specimen is not able to be analyzed, or if the results of the split specimen are not scientifically adequate, the MRO will declare the original test to be canceled.
- 7) The split specimen will be stored at the initial laboratory until the analysis of the primary specimen is completed. If the primary specimen is negative, the split will be discarded. If the primary specimen is positive, it will be retained in frozen storage for one year and the split specimen will also be retained for one year. If the primary is positive, the primary and the split will be retained for longer than one year for testing if so requested by the employee through the Medical Review Officer, or by the employer, by the MRO, or by the relevant DOT agency.
- 8) Observed collections

- a. Consistent with 49 CFR Part 40, as amended, collection under direct observation (by a person of the same gender) with no advance notice will occur if:
 - The laboratory reports to the MRO that a specimen is invalid, and the MRO reports to Valley Senior Services that there was not an adequate medical explanation for the result;
 - ii. The MRO reports to Valley Senior Services that the original positive, adulterated, or substituted test result had to be cancelled because the test of the split specimen could not be performed;
 - iii. The laboratory reported to the MRO that the specimen was negative-dilute with a creatinine concentration greater than or equal to 2 mg/dL but less than or equal to 5 mg/dL, and the MRO reported the specimen as negative-dilute and that a second collection must take place under direct observation (see §40.197(b)(1)).
 - iv. The collector observes materials brought to the collection site or the employee's conduct clearly indicates an attempt to tamper with a specimen;
 - v. The temperature on the original specimen was out of range;
 - vi. Anytime the employee is directed to provide another specimen because the original specimen appeared to have been tampered with.
 - vii. All follow-up-tests; or
 - viii. All return-to-duty tests

J. ALCOHOL TESTING PROCEDURES

1) Tests for breath alcohol concentration will be conducted utilizing a National Highway Traffic Safety Administration (NHTSA)-approved Evidential Breath Testing device (EBT) operated by a trained Breath Alcohol Technician (BAT). A list of approved EBTs can be found on ODAPC's Web page for "Approved Evidential Breath Measurement Devices". Alcohol screening tests may be performed using a nonevidential testing device (alcohol screening device (ASD)) which is also approved by NHTSA. A list of approved ASDs can be found on ODAPC's Web page for "Approved Screening Devices to Measure Alcohol in Bodily Fluids". If the initial test indicates an alcohol concentration of 0.02 or greater, a second test will be performed to confirm the results of the initial test. The confirmatory test must occur on an EBT. The confirmatory test will be conducted no sooner than fifteen minutes after the completion of the initial test. The confirmatory test will be performed using a NHTSAapproved EBT operated by a trained BAT. The EBT will identify each test by a unique sequential identification number. This number, time, and unit identifier will be provided on each EBT printout. The EBT printout, along with an approved alcohol testing form, will be used to document the test, the subsequent results, and to attribute the test to the correct employee. The test will be performed in a private, confidential manner as required by 49 CFR Part 40, as amended. The procedure will be followed as prescribed to protect the employee and to maintain the integrity of the alcohol testing procedures and validity of the test result.

- 2) A confirmed alcohol concentration of 0.04 or greater will be considered a positive alcohol test and in violation of this policy. The consequences of a positive alcohol test are described in Section Q. of this policy. Even though an employee who has a confirmed alcohol concentration of 0.02 to 0.039 is not considered positive, the employee shall still be removed from duty for at least eight hours or for the duration of the work day whichever is longer and will be subject to the consequences described in Section Q of this policy. An alcohol concentration of less than 0.02 will be considered a negative test.
- 3) Valley Senior Services affirms the need to protect individual dignity, privacy, and confidentiality throughout the testing process. If at any time the integrity of the testing procedures or the validity of the test results is compromised, the test will be canceled. Minor inconsistencies or procedural flaws that do not impact the test result will not result in a cancelled test.
- 4) The alcohol testing form (ATF) required by 49 CFR Part 40 as amended, shall be used for all FTA required testing. Failure of an employee to sign step 2 of the ATF will be considered a refusal to submit to testing.

K. PRE-EMPLOYMENT TESTING

1) All applicants for covered transit positions shall undergo urine drug testing prior to performance of a safety-sensitive function.

- a. All offers of employment for covered positions shall be extended conditional upon the applicant passing a drug test. An applicant will not be allowed to perform safety-sensitive functions unless the applicant takes a drug test with verified negative results.
- b. An employee shall not be placed, transferred or promoted into a position covered under FTA authority or company authority until the employee takes a drug test with verified negative results.
- c. If an applicant fails a pre-employment drug test, the conditional offer of employment shall be rescinded and the applicant will be provided with a list of at least two (2) USDOT qualified Substance Abuse Professionals. Failure of a pre-employment drug test will disqualify an applicant for employment for a period of at least one year. Before being considered for future employment the applicant must provide the employer proof of having successfully completed a referral, evaluation and treatment plan as described in section 655.62 of subpart G. The cost for the assessment and any subsequent treatment will be the sole responsibility of the applicant.
- d. When an employee being placed, transferred, or promoted from a non-covered position to a position covered under FTA authority or company authority submits a drug test with a verified positive result, the employee shall be subject to disciplinary action in accordance with Section Q herein.
- e. If a pre-employment test is canceled, Valley Senior Services will require the applicant to take and pass another pre-employment drug test.
- f. In instances where a FTA covered employee does not perform a safety-sensitive function for a period of 90 consecutive days or more regardless of reason, and during that period is not in the random testing pool the employee will be required to take a preemployment drug test under 49 CFR Part 655 and have negative test results prior to the conduct of safety-sensitive job functions.
- g. Following a negative dilute the employee will be required to undergo another test. Should this second test result in a negative dilute result, the test will be considered a negative and no additional testing will be required unless directed to do so by the MRO.
- h. Applicants are required (even if ultimately not hired) to provide Valley Senior Services with signed written releases requesting

USDOT drug and alcohol records from all previous, USDOT-covered, employers that the applicant has worked for within the last two years. Failure to do so will result in the employment offer being rescinded. *Valley Senior Services* is required to ask all applicants (even if ultimately not hired) if they have tested positive or refused to test on a pre-employment test for a USDOT covered employer within the last two years. If the applicant has tested positive or refused to test on a pre-employment test for a USDOT covered employer, the applicant must provide Valley Senior Services proof of having successfully completed a referral, evaluation and treatment plan as described in section 655.62 of subpart G.

L. REASONABLE SUSPICION TESTING

- 1) All Valley Senior Services FTA covered employees will be subject to a reasonable suspicion drug and/or alcohol test when the employer has reasonable suspicion to believe that the covered employee has used a prohibited drug and/or engaged in alcohol misuse. Reasonable suspicion shall mean that there is objective evidence, based upon specific, contemporaneous, articulable observations of the employee's appearance. behavior, speech or body odor that are consistent with possible drug use and/or alcohol misuse. Reasonable suspicion referrals must be made by one or more supervisors who are trained to detect the signs and symptoms of drug and alcohol use, and who reasonably concludes that an employee may be adversely affected or impaired in his/her work performance due to possible prohibited substance abuse or alcohol misuse. A reasonable suspicion alcohol test can only be conducted just before, during, or just after the performance of a safety-sensitive job function. However, under Valley Senior Services' authority, a non-DOT reasonable suspicion alcohol test may be performed any time the covered employee is on duty. A reasonable suspicion drug test can be performed any time the covered employee is on duty.
- 2) Valley Seniors Services shall be responsible for transporting the employee to the testing site. Supervisors should avoid placing themselves and/or others into a situation which might endanger the physical safety of those present. The employee shall be placed on administrative leave pending disciplinary action described in Section Q of this policy. An employee who refuses an instruction to submit to a drug/alcohol test shall not be permitted to finish his or her shift and shall immediately be placed on administrative leave pending disciplinary action as specified in Section Q of this policy.

- 3) A written record of the observations which led to a drug/alcohol test based on reasonable suspicion shall be prepared and signed by the supervisor making the observation. This written record shall be submitted to the Valley Senior Services.
- 4) When there are no specific, contemporaneous, articulable objective facts that indicate current drug or alcohol use, but the employee (who is not already a participant in a treatment program) admits the abuse of alcohol or other substances to a supervisor in his/her chain of command, the employee shall be referred for assessment and treatment consistent with Section Q of this policy. Valley Senior Services shall place the employee on administrative leave in accordance with the provisions set forth under Section Q of this policy. Testing in this circumstance would be performed under the direct authority of the Valley Senior Services. Since the employee self-referred to management, testing under this circumstance would not be considered a violation of this policy or a positive test result under Federal authority. However, self-referral does not exempt the covered employee from testing under Federal authority as specified in Sections L through N of this policy or the associated consequences as specified in Section Q.

M. POST-ACCIDENT TESTING

- 1) <u>FATAL ACCIDENTS</u> A covered employee will be required to undergo urine and breath testing if they are involved in an accident with a transit vehicle, whether or not the vehicle is in revenue service at the time of the accident, that results in a fatality. This includes all surviving covered employees that are operating the vehicle at the time of the accident and any other whose performance could have contributed to the accident, as determined by the employer using the best information available at the time of the decision.
- 2) NON-FATAL ACCIDENTS A post-accident test of the employee operating the public transportation vehicle will be conducted if an accident occurs and at least one of the following conditions is met:
 - a. The accident results in injuries requiring immediate medical treatment away from the scene, unless the covered employee can be completely discounted as a contributing factor to the accident.
 - b. One or more vehicles incurs disabling damage as a result of the occurrence and must be transported away from the scene, unless the covered employee can be completely discounted as a contributing factor to the accident

In addition, any other covered employee whose performance could have contributed to the accident, as determined by the employer using the best information available at the time of the decision, will be tested.

As soon as practicable following an accident, as defined in this policy, the transit supervisor investigating the accident will notify the transit employee operating the transit vehicle and all other covered employees whose performance could have contributed to the accident of the need for the test. The supervisor will make the determination using the best information available at the time of the decision.

The appropriate transit supervisor shall ensure that an employee, required to be tested under this section, is tested as soon as practicable, but no longer than eight (8) hours of the accident for alcohol, and no longer than 32 hours for drugs. If an alcohol test is not performed within two hours of the accident, the Supervisor will document the reason(s) for the delay. If the alcohol test is not conducted within (8) eight hours, or the drug test within 32 hours, attempts to conduct the test must cease and the reasons for the failure to test documented.

Any covered employee involved in an accident must refrain from alcohol use for eight (8) hours following the accident, or until he/she undergoes a post-accident alcohol test.

An employee who is subject to post-accident testing who fails to remain readily available for such testing, including notifying a supervisor of his or her location if he or she leaves the scene of the accident prior to submission to such test, may be deemed to have refused to submit to testing.

Nothing in this section shall be construed to require the delay of necessary medical attention for the injured following an accident, or to prohibit an employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care.

In the rare event that Valley senior Services is unable to perform an FTA drug and alcohol test (i.e., employee is unconscious, employee is detained by law enforcement agency), Valley Senior Services may use drug and alcohol post-accident test results administered by local law enforcement officials in lieu of the FTA test. The local law enforcement officials must have independent authority for the test and the employer must obtain the results in conformance with local law.

N. RANDOM TESTING

- 1) All covered employees will be subjected to random, unannounced testing. The selection of employees shall be made by a scientifically valid method of randomly generating an employee identifier from the appropriate pool of safety-sensitive employees. <u>Employees who may be covered under company authority will be selected from a pool of non-DOT-covered employees</u>.
- 2) The dates for administering unannounced testing of randomly selected employees shall be spread reasonably throughout the calendar year, day of the week and hours of the day.
- 3) The number of employees randomly selected for drug/alcohol testing during the calendar year shall be not less than the percentage rates set each year by the FTA administrator. The current year testing rates can be viewed online at https://www.transportation.gov/odapc/random-testingrates.
- 4) Each covered employee shall be in a pool from which the random selection is made. Each covered employee in the pool shall have an equal chance of selection each time the selections are made. Employees will remain in the pool and subject to selection, whether or not the employee has been previously tested. There is no discretion on the part of management in the selection.
- 5) Covered transit employees that fall under the Federal Transit Administration regulations will be included in one random pool maintained separately from the testing pool of non-safety-sensitive employees that are included solely under Valley Senior Services authority.
- 6) Random tests can be conducted at any time during an employee's shift for drug testing. Alcohol random tests can only be performed just before, during, or just after the performance of a safety sensitive duty. However, under Valley Senior Services' authority, a non-DOT random alcohol test may be performed any time the covered employee is on duty. Testing can occur during the beginning, middle, or end of an employee's shift.
- 7) Employees are required to proceed immediately to the collection site upon notification of their random selection.

O. RETURN-TO-DUTY TESTING

Valley Senior Services will terminate the employment of any employee that tests positive or refuses a test as specified in section Q of this policy. However, in the rare event an employee is reinstated with court order or other action beyond the control of the transit system, the employee must complete the return-to-duty process prior to the performance of safety-sensitive functions. All covered employees who previously tested positive on a drug or alcohol test or refused a test, must test negative for drugs, alcohol (below 0.02 for alcohol), or both and be evaluated and released by the Substance Abuse Professional before returning to work. Following the initial assessment, the SAP will recommend a course of rehabilitation unique to the individual. The SAP will recommend the return-to-duty test only when the employee has successfully completed the treatment requirement and is known to be drug and alcohol-free and there are no undue concerns for public safety. The SAP will determine whether the employee returning to duty will require a return-to-duty drug test, alcohol test, or both.

P. FOLLOW-UP TESTING

Covered employees that have returned to duty following a positive or refused test will be required to undergo frequent, unannounced drug and/or alcohol testing following their return-to-duty test. The follow-up testing will be performed for a period of one to five years with a minimum of six tests to be performed the first year. The frequency and duration of the follow-up tests (beyond the minimums) will be determined by the SAP reflecting the SAP's assessment of the employee's unique situation and recovery progress. Follow-up testing should be frequent enough to deter and/or detect a relapse. Follow-up testing is separate and in addition to the random, post-accident, reasonable suspicion and return-to-duty testing.

In the instance of a self-referral or a management referral, the employee will be subject to non-USDOT follow-up tests and follow-up testing plans modeled using the process described in 49 CFR Part 40. However, all non-USDOT follow-up tests and all paperwork associated with an employee's return-to-work agreement that was not precipitated by a positive test result (or refusal to test) does not constitute a violation of the Federal regulations will be conducted under company authority and will be performed using non-DOT testing forms.

Q. RESULT OF DRUG/ALCOHOL TEST

 Any covered employee that has a verified positive drug or alcohol test, or test refusal, will be removed from his/her safety-sensitive position, informed of educational and rehabilitation programs available, and will be

- provided with a list of at least two (2) USDOT qualified Substance Abuse Professionals (SAP) for assessment, and will be terminated.
- 2) Following a negative dilute the employee will be required to undergo another test. Should this second test result in a negative dilute result, the test will be considered a negative and no additional testing will be required unless directed to do so by the MRO.
- 3) Refusal to submit to a drug/alcohol test shall be considered equivalent to a positive test result and a direct act of insubordination and shall result in termination and referral to a list of USDOT qualified SAPs. A test refusal is defined as any of the following circumstances:
 - a. Fail to appear for any test (except a pre-employment test) within a reasonable time, as determined by the employer.
 - b. Fail to remain at the testing site until the testing process is complete. An employee who leaves the testing site before the testing process commences for a pre-employment test has not refused to test.
 - c. Fail to attempt to provide a breath or urine specimen. An employee who does not provide a urine or breath specimen because he or she has left the testing site before the testing process commenced for a pre-employment test has not refused to test.
 - d. In the case of a directly-observed or monitored urine drug collection, fail to permit monitoring or observation of your provision of a specimen.
 - e. Fail to provide a sufficient quantity of urine or breath without a valid medical explanation.
 - f. Fail or decline to take a second test as directed by the collector or the employer for drug testing.
 - g. Fail to undergo a medical evaluation as required by the MRO or the employer's Designated Employer Representative (DER).
 - h. Fail to cooperate with any part of the testing process.
 - i. Fail to follow an observer's instructions to raise and lower clothing and turn around during a directly-observed test.
 - j. Possess or wear a prosthetic or other device used to tamper with the collection process.
 - k. Admit to the adulteration or substitution of a specimen to the collector or MRO.
 - I. Refuse to sign the certification at Step 2 of the Alcohol Testing Form (ATF).
 - m. Fail to remain readily available following an accident.
 - n. As a covered employee, if the MRO reports that you have a verified adulterated or substituted test result, you have refused to take a drug test.

- 4) An alcohol test result of ≥0.02 to ≤ 0.039 BAC shall result in the removal of the employee from duty for eight hours or the remainder or the work day whichever is longer. The employee will not be allowed to return to safetysensitive duty for his/her next shift until he/she submits to a NONDOT alcohol test with a result of less than 0.02 BAC.
- 5) <u>In the instance of a self-referral or a management referral, disciplinary action against the employee shall include:</u>
 - a. <u>Mandatory referral for an assessment by an employer approved counseling professional for assessment, formulation of a treatment plan, and execution of a return-to-work agreement;</u>
 - b. Failure to execute, or remain compliant with the return-to-work agreement shall result in termination from Valley Senior Services employment.
 - i. Compliance with the return-to-work agreement means that the employee has submitted to a drug/alcohol test immediately prior to returning to work; the result of that test is negative; the employee is cooperating with his/her recommended treatment program; and, the employee has agreed to periodic unannounced follow-up testing as described in Section P of this policy; however, all follow-up testing performed as part of a return-to-work agreement required under section Q of this policy is under the sole authority of Valley Senior Services and will be performed using non-DOT testing forms.
 - c. Refusal to submit to a periodic unannounced follow-up drug/alcohol test shall be considered a direct act of insubordination and shall result in termination. All tests conducted as part of the return-to-work agreement will be conducted under company authority and will be performed using non-DOT testing forms.
 - d. A self-referral or management referral to the employer's counseling professional that was not precipitated by a positive test result does not constitute a violation of the Federal regulations and will not be considered as a positive test result in relation to the progressive discipline defined in Section Q of this policy.
 - e. Periodic unannounced follow-up drug/alcohol testing conducted as a result of a self-referral or management referral which results in a verified positive shall be considered a positive test result in relation to the progressive discipline defined in Section Q of this policy.
 - f. A Voluntary Referral does not shield an employee from disciplinary action or guarantee employment with Valley Senior Services.

- g. A Voluntary Referral does not shield an employee from the requirement to comply with drug and alcohol testing.
- 6) Failure of an employee to report within five days a criminal drug statute conviction for a violation occurring in the workplace shall result in termination.

R. GRIEVANCE AND APPEAL

The consequences specified by 49 CFR Part 40.149 (c) for a positive test or test refusal is not subject to arbitration.

S. PROPER APPLICATION OF THE POLICY

Valley Senior Services is dedicated to assuring fair and equitable application of this substance abuse policy. Therefore, supervisors/managers are required to use and apply all aspects of this policy in an unbiased and impartial manner. Any supervisor/manager who knowingly disregards the requirements of this policy, or who is found to deliberately misuse the policy in regard to subordinates, shall be subject to disciplinary action, up to and including termination.

T. <u>INFORMATION DISCLOSURE</u>

- 1) Drug/alcohol testing records shall be maintained by the Valley Senior Services Drug and Alcohol Program Manager and, except as provided below or by law, the results of any drug/alcohol test shall not be disclosed without express written consent of the tested employee.
- 2) The employee, upon written request, is entitled to obtain copies of any records pertaining to their use of prohibited drugs or misuse of alcohol including any drug or alcohol testing records. Covered employees have the right to gain access to any pertinent records such as equipment calibration records, and records of laboratory certifications. Employees may not have access to SAP follow-up testing plans.
- 3) Records of a verified positive drug/alcohol test result shall be released to the Drug and Alcohol Program Manager, and other transit system management personnel on a need-to-know basis.
- 4) Records will be released to a subsequent employer only upon receipt of a written request from the employee.

- 5) Records of an employee's drug/alcohol tests shall be released to the adjudicator in a grievance, lawsuit, or other proceeding initiated by or on behalf of the tested individual arising from the results of the drug/alcohol test. The records will be released to the decision maker in the proceeding.
- 6) Records will be released to the National Transportation Safety Board during an accident investigation.
- 7) Information will be released in a criminal or civil action resulting from an employee's performance of safety-sensitive duties, in which a court of competent jurisdiction determines that the drug or alcohol test information is relevant to the case and issues an order to the employer to release the information. The employer will release the information to the decision maker in the proceeding with a binding stipulation that it will only be released to parties of the proceeding.
- 8) Records will be released to the DOT or any DOT agency with regulatory authority over the employer or any of its employees.
- 9) Records will be released if requested by a Federal, state or local safety agency with regulatory authority over Valley Senior Services or the employee.
- 10) If a party seeks a court order to release a specimen or part of a specimen contrary to any provision of Part 40 as amended, necessary legal steps to contest the issuance of the order will be taken
- 11)In cases of a contractor or sub-recipient of a state department of transportation, records will be released when requested by such agencies that must certify compliance with the regulation to the FTA.

VALLEY SENIOR SERVICES FLEET MAINTENANCE PLAN

FORMAL APPROVAL OF POLICY

This Plan has been approved by

| Authorized signature | Date of Approval |
|----------------------|------------------|

Valley Senior Services Maintenance Plan

<u>Valley Senior Services</u>, in its continuous development and concern for the safety of the staff and community members, has developed this maintenance plan. This is a living document that will be updated on an "as needed" basis and reviewed annually for compliance to new rules, regulations, and laws.

This plan is designed to keep all vehicles in safe, comfortable, reliable, and operational condition. It requires management, drivers, and related staff to be well trained and accountable for specific roles. Preventive maintenance is our goal and will come about as a result of working together as a team.

Specific Roles

Management

Management will make sure that all staff is properly trained and certified as deemed appropriate in preventive maintenance. The Program Manager must know all parts of the preventive maintenance program, supervise its implementation, and evaluate its effectiveness.

Drivers

The drivers must be certified according to State laws.

Drivers will know the proper starting, shifting, and braking procedures to extend the life of the equipment and must be vigilant in reporting observations.

Drivers will serve as vehicle fuelers and will make sure that all fluid levels are checked each time the vehicle is fueled. No vehicle will be sent into service low on oil, antifreeze, automatic transmission, windshield washer fluid, or power steering fluid.

Drivers will also be trained to spot cracked or broken belts, loose or broken brackets, or other worn parts. They will be alert for unusual noises, bad tires, noisy or poor brakes, and clutch adjustments.

Only qualified drivers should maneuver vehicles. Backing should be prohibited unless necessary. When backing is necessary, it should be done with a guide.

All drivers will be completely familiarized with the vehicles including engine compartment, driver controls, and passenger safety devices. Drivers will be trained to recognize unusual noises and describe basic mechanical problems to the supervisor.

Valley Senior Services seeks to obtain an overall goal of keeping the vehicles well maintained and servicing the community.

Our objectives include:

- Maintaining flexibility for changes in route(s), schedule(s), environment, new technology, and other impacts
- Maintaining chassis, body, and component manufacturers' recommended maintenance practices
- Systematic inspections, services, and repairs
- Defect reporting
- Maintaining the proper level of fiscal control; and,
- The proper management of parts, equipment, facilities, fleet, and personnel.

Maintenance will cover all vehicles operated by Valley Senior Services.

Manuals will be maintained for each type of vehicle being used by Valley Senior Services.

Preventive Maintenance Inspections & Services

Vehicle and component (e.g., handicapped access equipment) manufacturer's manuals that recommend maintenance practices as well as specific guidance and instructions for troubleshooting, removal, overhaul, repair, and replacement of components will be available. These manuals are an important part of the vehicle maintenance plan as they define specific maintenance intervals and provide critical information when the maintenance work is to be performed.

Oil changes will be performed on time with the required oils that meet specific industry and automaker specifications to ensure a long service life. Depending on vehicle type, vehicle age, type of oil, driving conditions, and other factors such as city driving, gravel roads, start-stop traffic, etc. will be considered when selecting the proper oil change interval. These intervals may vary but will follow, at least, the recommended factory maintenance schedule. The individual vehicle intervals used will be selected in the BlackCat Maintenance program.

At a minimum, Preventive Maintenance (PM) inspections and services will follow the manufacturer's recommended intervals by the manufacturer.

Warranty Service

Preventive maintenance services will be performed at minimum, according to the guidelines of the manufacturer so as not to jeopardize any claim to a warranty.

Some vehicles fall under the severe-duty service due to city driving, gravel roads, and stop-start traffic. This may result in cutting the recommended maintenance intervals and thus service will be performed sooner than manufacturer's recommendation. Warranties could be rejected by a

warranty arbitrator for not following the proper service requirements.

Services eligible for warranty payment will be made by the appropriate personnel and filed with the manufacturer. Documentation of such services will remain in the vehicle file.

Work performed under Warranty or Recalled by the manufacturer will be indicated by checking the Warranty/Recall Work box in BlackCat Maintenance.

PM Inspections

Preventive maintenance (PM) inspections and services will be performed according to a schedule and documented in BlackCat Maintenance or tracked through a state-approved Maintenance Program. <u>All documentation will be kept through the life of the vehicle plus 3 vears.</u>

whenever a mechanic or tow truck is dispatched to a vehicle in service, documentation will be placed in the vehicle file.

Preventive maintenance (PM) inspections are scheduled to provide an opportunity to detect and repair damage or wear conditions before major repairs are necessary.

Each inspection will be:

- Conducted at the start of each shift by a driver trained in the procedure
- Specify each item to be checked
- Record repairs and the routine application of fluids
- Indicate inspection interval (i.e., daily, or weekly)
- Contain a pass/fail standard for each item; and
- Report any deficiencies to supervisor

Identified Defects

Identified defects will be reported to the project manager. Defects will be reviewed, and repair considered. Categories of repair include:

- Safety Defect
 - The vehicle cannot be released until the repairs are completed, except in case of an emergency. Safety cannot be compromised.
- Mechanical Defect
 - A defect that will worsen and increase cost. The vehicle cannot be released until the repairs are completed, except in case of an emergency.
- Elective Defect

A defect that does not compromise safety, will not cause further damage if operated but needs to be corrected prior to the next PM cycle. Repair should be scheduled. Due to transportation costs and disruption to operations, this decision should not be made lightly.

Elective or Cosmetic Defect
 The defect will not compromise safety and will not cause further damage or cost as it is
 an aesthetic defect. This vehicle should be scheduled for an off-peak time in the future,
 as determined by management, or at the next scheduled PM service.

If the fleet experiences recurring defects, the Program Director will check vehicle maintenance files, check manufacturers' recall notices, and service bulletins.

PM Services

The manufacturer's recommended service schedule will be adhered to within a 10 percent variance of the manufacturer recommended schedule.

Some transit agencies will group PM services into different levels, the most used are A, B, and C. These activity levels will vary by vehicle type.

Level A – The most basic and frequent level of PM services such as change oil and filter, inspect tires, electrical system, service all fluid levels, lubricate chassis and doors, check A/C, hoses, fire extinguishers, belts, brakes, lights, test drive, body damage, etc. Inspect and test vehicle lift.

Level B - All items in levels A, plus change fuel filter, replace air filter, and inspection of braking system.

Level C - Items in levels A and B, plus more complicated services performed less frequently.

PM Management by Exception

There are many good reasons to vary a scheduled PM service. It will not necessarily hurt the vehicle to have the PM service performed off schedule and still allow Valley Senior Services to manage its PM program to achieve its overall goal.

Management by exception allows flexibility in the PM program by authorizing the mechanic to make decisions on deleting or adjusting certain items listed on the PM schedule.

For example, if vehicle A comes in for level D service and according to the vehicle's records, the front wheel bearings were inspected and repacked at the time of the last front brake job (only 1300 miles ago), s/he could then delete the requirement to repeat this service.

Pre-Trip/Post Inspections

An important aspect of preventive maintenance is the establishment of strong communication between drivers and management. An easy way to ensure and document this communication link is using the driver's daily vehicle inspection checklist. A pre-trip inspection will be performed on each vehicle providing trips that day.

The driver conducts the inspection and identifies any defects and reports them to the program manager. If a problem arises during the shift, the driver will document and report this to the program manager. All checklists/inspections are to be maintained in the vehicle's permanent file.

NOTE: When malfunctions and/or defects are detected which threaten safe operating performance, the vehicle will not be used to transport persons until defects are corrected. If any malfunctions and/or defects result in removing a vehicle from service for a period longer than 2 weeks, notify the NDDOT transit office.

Prior to requiring or permitting a driver to operate a vehicle, the pre/post-trip inspection forms shall be completed and signed off by the vehicle driver. Inspections should include as a minimum:

- Cleanliness Properly maintained and free of loose articles
- Lights and reflectors High/low beams, taillights, turn signals
- 4-way hazard flashers, marker lights, license plate light and reflectors will be cleaned as needed
- Brakes Both foot and emergency brakes should be capable of effectively stopping or restraining the vehicle. Brake pedal should be firm after 1-2-inch free- play on a single down stroke. No noises, vibration or steering changes should result from applying the brakes while moving
- Parking brake
- Horn Gives an adequate and reliable warning signal
- Windshield, washer, wipers, and defroster Surfaces must be clean and unobstructed, inside and outside. Washer reservoirs are to be filled as needed
- Mirrors All rear vision mirrors will be clean, properly adjusted, and unobstructed.
 Outside mirrors must be mounted on both sides
- Tires Must be of adequate load capacity when vehicle is fully loaded. Tires shall be
 inflated to recommended pressures and compatible with each set (i.e., all radials or all
 bias ply; no mixed sets.) Tire wear surfaces and sidewalls shall be inspected daily for
 debris, damage, and wear. Tires shall be replaced prior to revealing the "wear bars"
 between the treads at the contact surface

- Speedometer Shall be operational and accurately record speed
- Seat Belts If the vehicle has seat belts, they must be in good operating condition and used by all passengers and drivers. Wheelchair passenger restraints and securement systems shall be fully operational. Seat belt extensions are recommended
- Doors Capable of being opened, shut, and locked as required.
- Fluids All fluid levels must be checked each time the vehicle is fueled and maintained at the manufacturer's recommended operating levels. This includes engine coolant, oil, brake fluid, power steering fluid, transmission fluid and washer solvent
- Wheelchair lifts Check operating and structural condition by operating through two
 (2) complete cycles
- Required Emergency Equipment At a minimum, the following safety equipment must be present and operational:
 - Fire Extinguishers fully charged
 - Seat Belt Cutter
 - First Aid Kits
 - Blood Borne Pathogens Clean-Up Kit
 - Reflective Warning Triangles
 - Reflective Vest
 - Flashlight

Valley Senior Services shall repair any defect or deficiency listed on the driver vehicle inspection report which would be likely to affect the safety of operation of the vehicle.

Vehicle Cleaning

Interior cleaning and sweeping of each in-service vehicle will be performed at the end of each shift by driving staff. Vehicle exteriors will be washed on a weekly basis or more frequently, as needed.

ADA Accessibility Equipment

The American Disability Act (ADA), Title 49, CFR, Section 37.161, Subpart G requires that transportation services maintain the ADA features of their vehicles in operative condition. These ADA features, include, but are not limited to:

- Lifts and other means of access to vehicles
- Securement devices
- Signage or systems to aid communications with persons who have impaired vision or hearing.

Accessibility features must be repaired promptly if they are damaged or out-of-order. When an accessibility feature is out-of-order, Valley Senior Services shall take reasonable steps to accommodate persons with disabilities who would otherwise use the feature.

ADA, Title 49, CFR, Section 37, 163 requires the establishment of regular and frequent maintenance checks of the lifts. The vehicle drivers must report, by the most immediate means available, any failure of a lift. If there is no available spare vehicle to take the place of a vehicle with an inoperable lift. Valley Senior Services will contact a repair facility within <u>five days</u> from the date of discovery and schedule repairs as soon as possible.

ADA, Title 49, CFR, Section 37, 173 requires all personnel to be trained to proficiency in the use of ADA equipment, as appropriate to their duties.

ADA Preventive Maintenance Plan

A preventive maintenance plan for ADA accessibility features should be in place; including a system of maintenance checks based on manufacturer's recommended guidelines within 50 cycles or yearly, whichever comes first. The ADA elements have been incorporated in the transportation program's regular maintenance plan.

(For example, NL-2 series lifts should be serviced at 750 cycles, 1500 cycles, 4500 cycles, and consecutive 750 cycles after 4500 cycles. All intervals should be within 50 cycles of the stated cycle interval)

Management of Fleet

Valley Senior Services will conduct a physical inventory of vehicles used in the transportation of passengers annually or more often, but at a minimum, during grant application timing, and preceding compliance reviews and vehicle inspection reviews.

Vehicle History File

Each vehicle will have an electronic record documenting preventive maintenance, regular maintenance, inspections, lubrications, and repairs performed. This record will be tracked in BlackCat Maintenance and BlackCat Oversight, or in other electronic systems approved by the NDDOT transit staff.

A minimum of the following information will be maintained in the records:

- Vin
- Performed Date
- Performed Mileage
- Cost
- Description of each inspection, maintenance, repair, lubrication performed

A fleet plan is an internal, working document that is updated as needed. The fleet plan is based on service needs and economic replacement life. It is used to project new equipment deliveries and disposal and helps to plan grant activities. It will serve to assist Management to consider vehicle rehabilitation or replacement in lieu of extensive repair and constant unscheduled maintenance.

Other Policies

- No Smoking smoking is prohibited in all vehicles. Signs will be posted accordingly.
- Emergency Numbers emergency phone numbers must be available in vehicles.
- Vehicle Movement when vehicles are being moved for any reason, including
 fueling, speed restrictions should be followed. Personnel should ask for assistance
 when backing a vehicle, wear seat belts, and drive with the service door closed. If
 anyone is on-board, they should be properly seated and not standing in the step well
 area.
- Title VI Plaque Signs Title VI statements must be displayed in all vehicles.
- Vehicle Cleanliness it is important that vehicles are regularly cleansed inside and out. Regular vehicle cleaning helps prevent premature vehicle aging, protects exterior paint, extends the life of protective coating, and helps prevent rust.
- Visible Identification Vehicles must be clearly identified as general public transit service with the accompanying phone number to call for rides displayed on the vehicles.

MEMORANDUM

DATE: July 20, 2022

TO: Fargo Park Board Commissioners

FROM: Dave Bietz, Parks Director

RE: Agenda Item No. 8 - Review request to solicit for bids for Park Division

Equipment

Each year the Park District buys new maintenance equipment for the Parks Division, primarily in the parks and golf course departments. This equipment is either replacement equipment or in some cases new equipment that is needed for our teams to properly maintain our sports fields, golf courses, parks and urban forest. In alignment with our Procurement Policy, Policy No. 390, we are requesting permission to publicly bid for equipment for the parks division. Funds for this equipment bid will be included in our capital equipment budget for 2023. Once the 2023 budget is certified, our plan will be to advertise for bids and hold a bid opening in November or December. If approval to bid is granted, final bid tabs will be brought before the Facility Committee and ultimately the full Park Board for consideration.

If you should have any questions, please feel free to contact me prior to the Committee Meeting.

Thank you.
