

YUNKER FARM PARK

MASTER PLAN SURVEY RESULTS

The preparation of a master plan for Yunker Farm Park helps build a better understanding of how the park is used, what existing features are to be preserved for the future, and what other ideas can be generated to help guide future decisions and capital improvements within Yunker Farm Park.

The final master plan will provide a summary of ideas, priorities and opportunities as a guiding document for the Fargo Park District to coordinate park improvements for the next 20 years and beyond. Almost 500 individual responses were submitted to the Yunker Farm Park Master Plan Survey.

How excited are you about the botanical, agricultural, educational and community spaces?

Envisioning a distinctive promenade and entry plaza with visually pleasing features like lighting, and comfort amenities like benches, how excited are you about this welcoming and visually vibrant space?

How excited are you about the community and cultural spaces in the Great Lawn area?

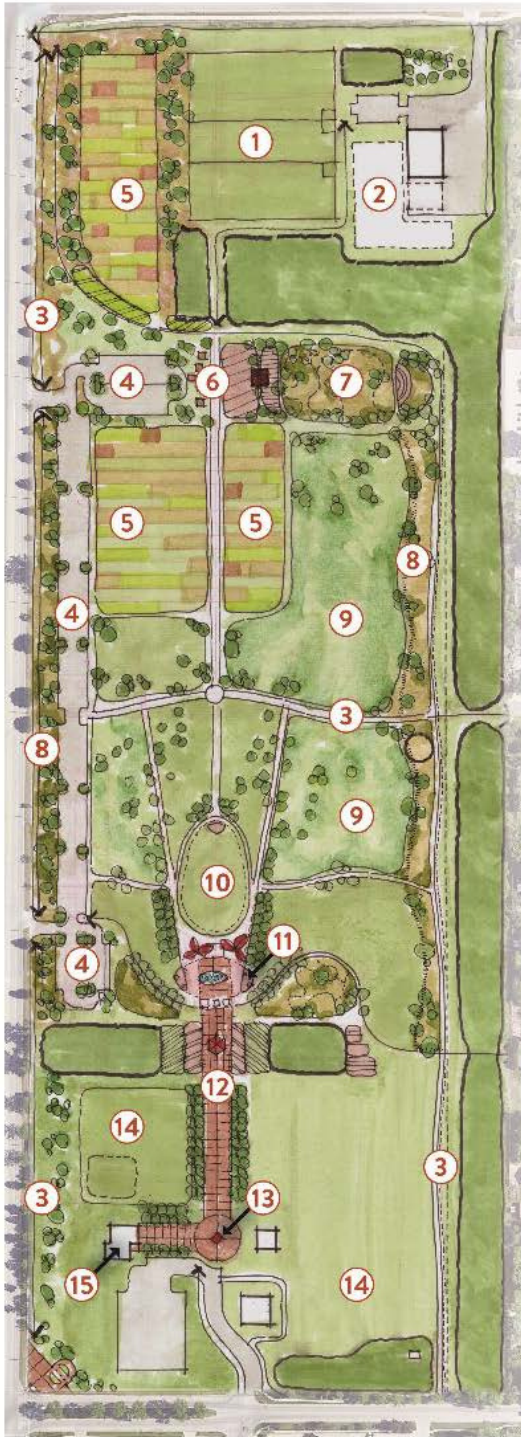

264 open-ended responses were received for additional comments. These are the high level points:

- Kid friendly activities and spaces was the most common theme throughout the comments
 - Support for splash pad and playground, general kid friendly activities
- Desire for indoor spaces/year-round activities – this was the second most common theme throughout the comments
 - Indoor playground/recreational space wanted
 - Community center
 - Indoor sports spaces
- Desire for bigger community garden space, concerns around that space shrinking
 - Some comments on parking/access
- Most supported dog park
 - Some concern over ease of parking to access dog park
 - Amount of areas
- Wheelchair accessibility/general accessibility of trails and playgrounds
- Support for green space, prairie/wildflower plantings, environmental learning
 - Many comments touched on desire to keep trees, plants, and limit impact to environment/green space
- Some comments on future of Yunker Farmhouse

One of Fargo's most historic parks, Yunker Farm Park is located in North Fargo at 1201 28th Avenue N. The park is active and busy with a dog park, community gardens, Homeward Animal Shelter and Northern Plains Botanical Gardens.
