While registering online for pool passes, you will be asked if you would like new pool pass scanner cards, or if you would like to use your same card. **If we send you new cards, they will be activated, and the old cards will no longer work.**

At the end of the season, hold onto your card so we can re-activate it the next year. A family is defined as 2 adults and dependent children (ages 18 and under) who reside in the same household. Nannies and babysitters must purchase an individual pass or pay admission.

These passes are valid at all Fargo Parks outdoor pools.
