C-ED-5 Executive Director Accountability

The Fargo Park District Board of Commissioners shall align the Executive Director's performance review with the organization's Strategic Plan Results and OEs. In addition, the successful completion of a set of yearly professional goals and demonstration of a set of professional competence skill sets define the Executive Director's job responsibilities and are the primary basis for the Executive Director's performance evaluation. As its Annual Work Plan outlines, the Board will determine organizational performance based on its defined systematic monitoring process.

1. All policies instructing the Executive Director (OEs and Strategic Plan Results) will be monitored according to a schedule and method determined by the Board and included in the Board's annual work plan. In addition, the Board may monitor any policy if a majority decides that conditions warrant monitoring at times other than those specified by the annual schedule.
2. In addition to the OEs and Strategic Plan Results, the Board will review and weigh in on reasonable progress made on a set of professional goals established each year by the Executive Director. The Board will monitor these goals according to a schedule and method determined by the Board and include them in the Board's Annual Work Plan.
3. In addition to the OEs and Strategic Plan Results, the Board will weigh in on successfully demonstrating a set of professional competencies defined by the Board. These competencies will be monitored according to a schedule and method determined by the Board and included in the Board's Annual Work Plan.
4. The Board will acquire monitoring data by the following methods:
 - a. By Internal Report, the Executive Director submits information that certifies and documents compliance with OEs or reasonable progress toward achieving strategic initiatives, professional goals, and professional competencies.
 - b. By Board Inspection, the whole Board, or a committee duly charged by the Board, formally assesses compliance or reasonable progress based upon specific criteria.

The summative evaluation will be based on data collected and decisions made by the Board during the year related to monitoring OEs and Strategic Plan Results, professional goals, and professional competencies. The Board will prepare a written evaluation document consisting of:
